Two US Banks Buy \$1,500,000 in Bonds

Lane county's quota of \$460,000.00 in the second war loan drive was given quite an impetus, reports Rogers W. Kimberling, chairman of the county committee, by receipt of notification from W. B. Gard and C. L. Carpenter, managers of the Eugene and Junction City branches of the United States National bank, respectively, of their purchase of \$1,500,000.00 in the United States government securities.

"We are gratified to receive this report from the Eugene and Junction City branches of the United States National bank that through them \$1,500,000.00 is being subscribed in the second war loan issue of government securities. It gives our committee a long stride forward in achieving our county goal, and such response is in keeping with the general offering of every concern and person in the county to meet the responsibility of providing the money for the necessary sinews of war," the committee said. Notification from the two branches of the United States National bank to Mr. Kimberling, county co-chairman, reads as follows:

"On behalf of the Eugene and Junction City branches of the United States National bank, it gives me pleasure to advise that our participation in the second war loan drive is the purchase of \$1,500,000.00 in the United States government securities offered. We trust that this will materially assist in reaching the quota of \$4,600,000.00 set for Lane county. "Your War Loan committee is to be congratulated upon its energetic efforts in conducting the war loan drive and from the appreciative response the public is making, we are sure those efforts will be successful in achieving your goal." Signed by W. B. Gard, manager of the local branch.

Dislocation Of American Industry Is Explained

PORTLAND, April 21.—(AP)—American industry is being dislocated temporarily because of a switch-over from defensive to offensive production.

So asserted Frederick C. Crawford, president of the National Association of Manufacturers, in an Oregonian interview.

"It means a rebalancing of war orders, a cutting down on defensive orders, like anti-aircraft guns, and an increased need for aircraft and ships. There will be a continuing shortage of labor on the Pacific coast, if labor is not skillfully utilized, while in sections of the east many people may be out of work temporarily," he said.

The end of the war again will dislocate production, he said, adding "after a conversion period, industry is going to be as busy as heck."

Movie Stars USE WANT ADS

SIGNE HASSO, glamorous MGM twinkler, soon to be seen in the Metro-Goldwyn-Mayer picture, "Assignment in Brittany," is shown ordering a Want Ad. We assume that she is inserting an ad to run under "Lost and Found," "Wanted to Buy" or probably under the "Share-Ride" heading—or it may be that she is advertising to dispose of a diamond or a few outmoded evening gowns.

More and more people are discovering that the best way to find hard-to-find things is to advertise under "WANTED TO BUY" or "WANTED TO RENT."

This is Easter Time...

Now millions of Americans reaffirm their faith in truth, justice and mercy

But This Easter is Different...

If this were the Easter of other years, we would talk about the Easter Parade: new bonnets, smart dresses, trim suits, gay shoes, colorful handbags... spring outfits for every member of the family.

THE HOME FRONT JOB IS EVERYWHERE!

In the church, in the school... in the factory and the shipyard... on the farm and the assembly line... in the store and the home.

THE HOME FRONT WORKER IS EVERYBODY!
