THE 2ND WAR LOAN DRIVE IS ON!

Come on, Let's WIN this war!

WAR FINANCE COMMITTEE

IF we should lose the war, life would not be worth living.

"But we won't lose it," you may say.

Listen, brother—in this world nothing's sure, unless you make it so.

This month it's up to us here at home to do our part, and then some, to make Victory surer—and quicker! To do it, we've got to lend Uncle Sam 13 billion *extra* dollars.

It isn't easy—but war isn't easy and Victory isn't cheap. It takes money—and more money—to buy planes, ships, tanks, guns and a million other things our boys must have to deliver that final, paralyzing knockout punch.

And it's a whale of a lot easier for us at home to lend our money than for our boys to fight through the hardships and dangers of deserts, swamps, jungles, ice-fields and sub-infested seas!

Just think! Every extra bond you buy will help provide the weapons to save the lives of many American boys! Isn't that alone worth every effort, every economy you can make? You bet it is!

There are 7 types of U. S. Government securities to meet the needs of every purse. They offer the finest investment in the world—liberal interest, plus security guaranteed by Uncle Sam himself.

A volunteer worker for the 2nd War Loan Drive may visit you soon. Welcome this unselfish patriot—and buy all the bonds you can. But don't wait for that call. Go—today—to your bank, investment dealer, broker, post office or bond booth and invest to your uttermost limit. Even if it hurts, it's nothing compared to the agonizing impact of a bayonet thrust, a flesh-tearing torpedo fragment or a bone-crushing bullet.

So dig deep, brother, and do it NOW!

There are 7 different types of U. S. Government securities—choose the ones best suited for you!

THEY GIVE THEIR LIVES...YOU LEND YOUR MONEY!
