Now a Better Way to S·T·R·E·T·C·H BUTTER!

Easy! Quick!

CREAM: ½ pound butter (softened, but not oily.)
½ teaspoon CRESCENT IMITATION BUTTER FLAVOR

ADD: 1 egg, unbeaten. Beat well.

COMBINE: 1 cup warmed top cream or evaporated milk (not too hot.)
¼ teaspoon salt.

ADD: Milk mixture to butter mixture a tablespoon at a time, beating with rotary egg beater or electric mixer after each addition, until all is combined.

PLACE: In refrigerator. Remove half an hour before serving.

☆ **For baking, frying and seasoning,** add ½ teaspoon CRESCENT IMITATION BUTTER FLAVOR to a cup of shortening or cooking oil. Cream with shortening for sauces, frying and thick dough. Add like other flavoring to batters.

A brand new way to stretch butter and add flavor to foods! It's yours . . . with CRESCENT IMITATION BUTTER FLAVOR with Color! This fine flavor improves any butter-stretching method. It accents color and flavor!

Wonderful buttery flavor... the flavor that gives so much goodness to meals. For seasoning and for butter-spreads it brings back all the natural buttery flavor! For tastier home baking, add CRESCENT BUTTER FLAVOR to your cakes, pies, cookies and other foods when you use shortening other than butter. Tested. Fine restaurants and good bakers have used CRESCENT BUTTER FLAVOR for years!

Easy and quick to use! Just add to your favorite butter-stretching method, to margarine. Or blend with vegetable shortening and use it for all of your frying and seasoning uses. So economical.

MEN! "HOOK ON" TO THIS GOOD-PAYING RAILROAD JOB

Southern Pacific will train you to be a Yardman—a vital war job (most Yardmen average over $200 a month)

Here's your chance to be a railroader. If you are able-bodied, under 41 years old, and not now employed in another war industry, we will train you to be a yardman. No previous railroad experience is necessary.

After a brief training period you will have the opportunity to make good money. (Most Yardmen at present average $200 and over per month — in some cases a good deal more.)

S. P. offers you many extra advantages besides good pay. It is a vital war industry. It is a good company to work for. It is a big company in business to *stay*. If you are now in non-essential work, and particularly if you are a married man with children, here is a fine opportunity to build for a good future.

As an S. P. employee you will have the benefit of the Federal Railroad Retirement Act, the advantages of S.P.'s fine medical service, and transportation courtesies, subject to reasonable rules.

Before you take *any* job, come in and talk it over. You may find this job is exactly the kind you'll like best.

Here's what you do as a Yardman

You work in the yards at railroad terminals, assisting in the switching of cars and making up of trains and the "breaking up" of trains after arrival. It is an active and absorbing job.

Many opportunities also for men who would like to sign up as student locomotive Firemen or Brakemen.

We need experienced Brakemen, Yardmen and Firemen too. If you have had such experience, don't lose any time getting in touch with us.

Other good jobs are also open. You don't need railroad experience to find a good job with S. P.

Apply in person, or write, giving age and draft status to:
D. P. Boykin, Trainmaster, Eugene Yard or any S. P. Agent

New York Markets

NEW YORK, Oct. 21—(AP)—While scattered strong spots were present in today's stock market, many leaders and recently climbing specialties came out on the losing end in a mild bout with profit takers. Bonds were mixed.

Attempts to keep the forward push going at the start were unsuccessful and, with oils turning somewhat heavy, declines of fractions to 3 points soon predominated. A little support arrived after mid-day and extreme setbacks were reduced near the close.

Transfers approximated 800,000 shares.

Conspicuous in the rear ranks the greater part of the time were Standard Oil (N. J.), Standard Oil of Cal., Socony-Vacuum, American Distilling, Allied Mills, U. S. Steel, Chrysler, U. S. Rubber, American Can, Santa Fe and J. I. Case.

Boeing Aircraft was an exception, advancing a point when directors voted another $1 dividend. This made a total of $2 so far this year against $1 for all of 1942. Distillers Corp.-Seagrams was given a lift on reports negotiations were under way for the purchase of Frankfort Distilleries.

Scout Charter Club Makes Many Contacts

Reports from members of the Lane district charter club, special organization and extension committee of the Wallamet council, Boy Scouts of America, indicated today that contracts have been made with nearly 20 institutions in Lane county regarding sponsorship of cub packs, boy scout troops, or senior units.

The charter club was started last week to carry on an organization campaign during the next 60 days, Lynn S. McCready, campaign chairman, said. McCready explained that the club hopes to make available more quality scouting gor boys in Lane county. He pointed out that only one out of six boys are boy scouts, although surveys show that three out of four boys want to be members of boy scout troops.

The boy scout program is offered to such organizations as churches, civic clubs, parent-teacher associations, granges, veteran and fraternal groups, or other stable community institutions which desire to include the program in their own youth programs.

Tokyo Sees Victory For Allies in Europe

By UNITED PRESS

Tokyo radio has switched from its usual theme of eventual axis world domination to give, for the first time, its version of what would follow an allied victory in Europe.

"With the defeat of Europe by the anti-axis forces," Tokyo said, "America will have to foot the bill with anarchy rampant after a victory in Europe."

HORSE RETIRED AT 41

TWIN FALLS, Idaho, (AP) — At the rare old age of 41, a horse owned by rancher Curtis W. Bower has been retired to pasture after serving four generations of the Bower family. Most horses die in their 20's.

90-Inch Cosmos, Giant Beet and Eeaster Lily In Produce Spotlight

Very tall cosmos, huge beets, and Easter lilies—'twas a day in the produce department.

Says Mrs. Walter Lunney of Yoncalla: "I believe I can beat Route F on cosmos. I have some that measure 90 inches in height."

The large sugar beets came from our old friend T. J. Robinson, 1646 Nineteenth Avenue east, whose garden has been in the news considerably this season. One of these beets weighed 37 pounds and had a circumference of 32 inches. The other beet weighed 32 pounds and was 32 inches in length. Robinson displayed them at the First National bank.

Mrs. F. B. Simons, 972½ Twelfth Avenue west tells about her Easter lily blooming for the second time this season. She received the lily last Easter as a potted plant. She planted it outside when the flower ceased blooming. Now the plant is blooming again in the yard, having three lilies on it.

Ship Named for Poet Launched in South

WILMINGTON, Cal.—(U.P.)—The liberty tanker, S.S. Paul Dunbar, named for the negro poet and author Paul Lawrence Dunbar, was launched this week at California Shipbuilding yards, 31 days after the keel was laid.

The vessel is the eighth of its type launched at the yards and the 274th ship prepared for war service.

Dunbar, whose poems are included in the collections, "Majors and Minors" and "Lyrics of Lowly Life," also served as assistant in the library of congress.

A peacetime manufacturer of dolls' eyes and voices now is making instrument lights and radar equipment in his New Jersey plant.

like muffins?

You'll love these tempting "Honey Muffins"!

All-Bran "Honey Muffins"

3 tablespoons shortening
¼ cup honey
1 egg
¾ cup buttermilk
1 cup Kellogg's All-Bran
1 cup flour
1 teaspoon baking powder
½ teaspoon salt
¼ teaspoon soda

Blend shortening and honey. Add egg and beat until creamy. Add milk and All-Bran; let soak until most of moisture is taken up. Sift dry ingredients together; add to first mixture, stirring only until flour disappears. Fill greased muffin pans ⅔ full and bake in a medium-hot oven (400° F.) about 25 minutes.

Crisp! Delicious! Nutritious! Remember, KELLOGG'S ALL-BRAN is a rich natural storehouse of "protective" elements—protein, the B vitamins, phosphorus, calcium, iron. Make them with Kellogg's ALL-BRAN
