

MEN AND WOMEN IN SERVICE

FRANK JOHN JARVIS, 19, seaman 2-c, son of Mr. and Mrs. F. Jarvis, 1112 Sixth avenue west, has completed basic training at the submarine school, at the submarine base, New London, Conn., for duty with the fleet of undersea fighters. Jarvis was a letterman at Eugene high school, where he was graduated a year ago. He entered the navy in November.

COMPLETES COURSE
PFC Frederick E. Denniston, son of A. G. Denniston, 390 West Broadway, has completed training and has been graduated as a weather observer, at Chanute Field, Ill.

AT FARRAGUT
Robert Alton Mee, son of Mr. and Mrs. Harlan Mee, 154 Lawrence, has begun his recruit training this month at the U. S. naval training station at Farragut, Idaho. For several weeks he will undergo basic training in military discipline, fundamentals of seamanship, and intensive physical drill. Later, he will be given an opportunity to enroll in a school for specialized training, or to report for duty with the fleet.

STARTS PRIMARY
Arnold Harold Morris, 23, son of Mr. and Mrs. Thomas H. Benham of Coquille, is an aviation cadet, and has just begun the army's primary flight training course at Thunderbird Field II, Paradise Valley, Phoenix, Ariz. Cadet Morris is a graduate of the Coquille high school and the Bible Standard Training school at Eugene. When he entered the armed service at Eugene in February of this year, he had been in the employ of the Chase gardens. He trained at Fresno, Calif.; James-town, N. D., and Santa Ana, Calif., before going to Phoenix.

Pendleton Base Gets New Head

PENDLETON — (AP) — Lt. Col. James H. Clark of Portland has been named new commanding officer of Pendleton field, air base authorities announced today. He succeeds Col. Lyman L. Phillips, who will take command of the 330th service squadron.
Col. Clark, executive officer of the field since July 23, was called to active duty from the air corps reserve August 16, 1941. A senior pilot, he received his wings in World War I and saw action at St. Mihiel and the Argonne as a member of the 99th observation squadron.
Col. Phillips had been commanding officer since April of this year.

Bonneville Sees Coos Bay Increase

Post-war possibilities for the development of Coos county resources and industries suggest a population increase of as high as 5000 by 1950, according to a survey recently completed by the Bonneville power administration's market development section in cooperation with Coos officials.

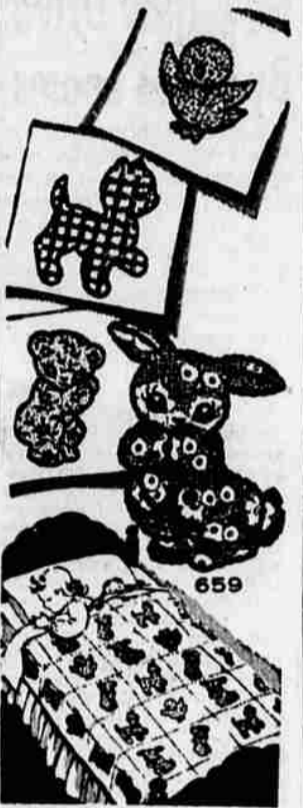

The report just released shows that planned industrial utilization of Coos county resources could provide approximately 1800 new jobs by 1950. Analysis of employment opportunities indicates that expansion of manufacturing processes could add 400 employees to the total of 4,552 now engaged primarily in production of forest and food products.

Other possibilities include a potential post-war increase of 160 employees in agriculture, 275 in mining and metallurgy, 100 through increased tourist trade and 50 through expanded markets for fresh fish and establishment of local plants for vitamin-oil manufacture from shark livers. Successful development of Coos county's potential industrial opportunities will create an expansion of trade with a resulting increase of more than 800 employees in service industries, the survey also shows.

The Coos county survey is the second in a series now being conducted by the Bonneville power administration. The primary purpose of the administration's surveys is to aid in appraising prospects for power markets and the outlook for revenue to power systems in various regions.

Fire watching duty for women between the ages of 20 and 45 is compulsory in Britain for those working less than 55 hours a week.

A CHILD'S QUILT

Put your child's own world of friendly, bright-eyed animals on his own little patchwork quilt. You can use a different scrap for each cunning little type... the more colors the merrier. There are 4 animals; each makes a one-piece patch. Pattern 659 contains diagram of a block; pattern pieces; directions for quilt; diagram of quilt; yardages.

Send ELEVEN CENTS in coins for this pattern to Register-Guard Needlecraft Dept. Write plainly PATTERN NUMBER, your NAME and ADDRESS.

PLEASE DON'T... Mail loose coins or stamps larger than 10 denominations with pattern orders. Be sure to use that your Name, Address and Pattern Numbers and Size are written plainly and enclosed with order.
PLEASE DO... Use stamps or money order if possible, or if you must use coins, wrap securely and fasten down with sticker tape. See that your envelope is sealed tightly.

We'll Give Our AWARD of MERIT To the Women at Home!
Because they work untold hours every day... and every day in every week... keeping the biggest business in the world running smoothly... Keeping the American home intact. We're glad to do our bit... to keep available, at nominal cost, the things needed to make their work a little easier... a little less laborious.
