FURS WANTED
Attention Trappers

For 32 years I have been buying your furs in Eugene, and the majority of you found that you were money ahead by selling directly to me instead of shipping to a commission house, which involved a lot of red tape. As you no doubt know, there is a ceiling price on raw furs, but each buyer does his own individual grading, but by selling to me, I will purchase your furs as my policy has always been to pay you according to the average run of your merchandise.
