

DAGWOOD makes himself up for his stage debut in "Footlight Glamour." The latest in the Blondie series will start Thursday at the Heilig. Arthur Lake, Penny Singleton, Larry Simms are in it.

### Leslie Howard's Final Picture Coming to Heilig

American audiences are in for some exciting enlightenment when they see "Spitfire," Samuel Goldwyn's presentation released by RKO Radio, starring Leslie Howard and David Niven which comes

THE PLANE that "busted the blitz" is invented by the late Leslie Howard (above) in the stirring screen story, "Spitfire," scheduled for November 28 opening at the Heilig theater.

to the Heilig on November 28. "Spitfire" tells the dramatic true-to-life story of the little-known designer of the Spitfire fighter plane who well may be considered one of the greatest heroes of World War II.

This designer was R. J. Mitchell; and he had the vision to realize Britain's coming need for total defense against Hitler's total war, and the genius to provide the dangerous weapon which was to shoot the Luftwaffe out of British skies. Niven in Cast

David Niven of the RAF and formerly of Hollywood was given leave from active service to appear as Mitchell's best friend, a debonair, daredevil test pilot who flew the then-fantastic new ships born on Mitchell's drawing board.

### Walt Disney Feature Tops Heilig Bill

"Mister and Missus United States, meet Joe Carioca, the Brazilian jitterbird of Rio de Janeiro, Brazil."

You will be seeing a lot of Joe Carioca in the future, but rich now you will first become acquainted with him in Walt Disney's sprightly South American musical entertainment, "Saludos Amigos," opening today at the Heilig theater on a two-feature program.

Joe Carioca meets Donald Duck in the picture, and offers to show him Rio. This tour of the South American hot spots introduces the samba in its native state, that is, as the South Americans dance and sing the samba rhythms. "Brazil," by Ary Barroso, is the theme of this part of the picture and is one of the most colorful and vivid numbers ever filmed.

Other stop-overs on the lively South American trip are Chile, Argentine, and Bolivia and Peru. Co-Feature Also Comedy

The comical trials and tribulations of raw rookies in Uncle Sam's new army forms the basis of "The Adventures of a Rookie," RKO Radio's fun-filled film comedy, also at the Heilig.

Wally Brown, Alan Carney and Richard Martin play rookies who were in civilian life a night club entertainer, a truck driver and a wealthy young playboy, respectively. Their troubles with army regulations, drill and a smooth new type of sergeant supply the initial comedy predicaments and side-splitting gags.

Then rookie meets girl! In fact, they meet six of them, at the house of the heroine, Margaret Landry. While the rookies are having a party in the house, it's quarantined.

**Technicolor 'Phantom' Closes Sunday Night**

Splendor, terror and musical drama are said to be merged sensationally in Universal's "Phantom of the Opera," closing tonight at the Mayflower theater.

The lavish thrill production, starring Nelson Eddy, Susanna Foster and Claude Rains, is heralded as one of the most spectacular screen shocks of all time.

LAST YEAR'S favorite Broadway musical, "Best Foot Forward," has been put on Technicolor film which unwinds today at the McDonald. Lucille Ball and William Gaxton co-star with Harry James.

ADVANCED as one of the funniest army comedies to come out of Hollywood, "Let's Face It" comes Wednesday to the McDonald. Betty Hutton, Bob Hope, and ZaSu Pitts appear.

### Latest Bob Hope Due Wednesday

One of Broadway's most popular musicals, the Cole Porter smash hit, "Let's Face It," has been made by Paramount Pictures into what promises to be an uproarious film, co-starring Bob Hope and Betty Hutton, with Dona Drake, Cully Richards, Eve Arden, ZaSu Pitts, Marjorie Weaver and Raymond Walburn.

According to all reports, the

movie version of "Let's Face It," which is due Wednesday at the McDonald theater, is even funnier than its "legitimate" predecessor, which isn't surprising considering the fact that two comedy experts like Bob Hope and Betty Hutton head the all-laugh cast. This is the first time Bob Hope and Betty have been paired and the results are said to be cyclonic.

The plot of "Let's Face It" gives Bob innumerable opportunities for gags. It has him in army uniform again, as in "Caught in the Draft"

### College Color Captivates At McDonald

What happens when a movie star accepts an invitation to a college prom, much to the consternation of the fan who invited her, forms the background for the hi-jinks on the screen of the McDonald theater, where M-G-M's Technicolor scintillating musical, "Best Foot Forward," is now showing.

Lucille Ball plays a movie star who accepts a fan letter invitation from young Tommy Dix to attend the prom as a publicity stunt. Lucille has her doubts about the whole affair, but her press agent, William Gaxton, is confident the resulting fanfare will turn the trick of having her option picked up.

Tommy, who never expected Lucille to accept, is devastated, but not from joy. For he has invited his best girl, Virginia Weidler, to the dance and besides, Winscott tradition does not include movie stars.

Tommy's solution is to take Lucille as Virginia in spite of Lucille's protest. Complications set in when Virginia arrives on the scene with good samaritan inten-
