AIR-WAC Activities

Lt. Barbara Smith, local Air WAC recruiting officer, will give an Air-WAC broadcast over the radio station, KORE, Tuesday at 4:45 p. m.

YMCA Committees Plan Meetings

YMCA church cooperation committee, of which Dr. Vance H. Webster is chairman, will meet Wednesday noon, at the Eugene hotel.

Questions outlined for consideration include initiation of a program of study conferences on church-YMCA relationships; plans for a city-wide churchmen's dinner meeting in January, church-YMCA boys' work activities, and YMCA services to the churches through such organizations as the community council of religious education, inter-denominational young peoples' council, university student religious council, university war emergency council, and the USO.

An important meeting of the boys' work committee of the YMCA has been called for Thursday noon, also at the Eugene hotel, in the committee room, by the chairman, R. G. Crakes. A plan for gymnasium activities for boys, through the offer of the Baptist church of use of the gymnasium facilities of the church, will be considered, among other matters.

Grange Pest Control Contest Successful

The pest control contest for western Lane county and the northern part of western Douglas county, sponsored by West Coast Pomona grange, was a success, according to a letter recently received by O. S. Fletcher, county agent, from W. H. Scott, of Siltcoos.

Scott wrote that West Coast Pomona grange sponsors a pest control project each year for grangers and awards three cash prizes on the basis of points and membership of each grange.

This year Smith River grange of western Douglas county was first with 1,738 pests, 117.75 points; Maple Creek grange was second with 480 pests, 707.50 points; North Fork grange was third with 533 pests, 259.50 points; Ada grange was fourth and Mapleton grange was fifth. Main River grange did not compete. A total of 3,320 pests were taken.

Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must use the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

Group Plans Visit Of Clare Boothe Luce

To make arrangements for the lecture by Representative Clare Boothe Luce (R., Conn.) here on Jan. 17, members of the board and advisory group of Pro America, sponsor for the lecture, met Monday noon at the Osburn hotel. The session was called by Mrs. Henry A. Tromp, president of the Lane county unit of Pro America. Mrs. Luce is giving talks in 15 cities of the country and Eugene is the only one in Oregon.

Attending the planning meeting were Mrs. Tromp, Mrs. E. F. Mc-Bee, Mrs. S. M. Calkins, Mrs. M. C. Harris, Mrs. George Graves, Mrs. Frank L. Chambers, Mrs. R. T. Burnett, Dr. Dorothy Collier, Miss Jeannette Calkins, Mrs. George J. Wilhelm, Mrs. Harry H. Hobbs, Mrs. F. M. Carter, Mrs. Harry W. Titus, Mrs. Dudley Holland, Mrs. Helen Soranson, Mrs. William Barker, Mrs. C. A. Hardy, and Mrs. Cogswell F. Campbell, all from the women's board; and the following advisory group of men: Clarence Belknap of Blue River, W. A. Woodard of Cottage Grove, State Senator Angus Gibson of Junction City, Phil Bartholomew of Springfield, Ray Bentley of Westlake, Carl G. Washburne, L. D. Pierce, Robert A. Booth, Judge Lawrence T. Harris, E. R. Bryson, and H. Elmer Maxey, president of the Lane county chapter of the Oregon Republican club; L. Clifton Culp, president of the Lane county group of the Young Republican club; C. A. Huntington, chairman of the Lane county republican central committee, and Henry A. Tromp.

Ickes Says Gasoline May Be Cut Again

WASHINGTON, Dec. 13.—(AP)—Not only is there little prospect of increased gas rations for the early part of next year, says the petroleum administration for war but unforeseen new military requirements may necessitate further cuts.

"Quotas are entirely dependent on war needs," PAW administrator Harold Ickes said, pointing out that a sudden acceleration of activity in any fighting zone might chop present civilian allotments.

Censorship of domestic mail was introduced into Denmark by Nazi authorities more than two months before they seized control of the Danish government.

Mothers! Watch Out For Epidemic Colds

With so many doctors being called to the colors, you must be more careful than ever before about your family's health. So this should be interesting news to you... Certified results of medically-supervised tests among 2650 children show that those who followed Vicks Plan had FEWER COLDS... SHORTER COLDS

Advertisement for Vicks Plan, featuring a starburst graphic and text: 'Put VICKS PLAN To Work Today!'

Right in your own home this simple, easy-to-follow home guide may do less—or it may do even more for you and your family than this remarkable record indicates. But right now—this Vicks Plan is certainly worth trying at once! Get full details in your package of Vicks.

designed to aid your natural defense against colds—and if used in time, Va-tro-nol helps prevent many colds from developing. (Even when your head is all stuffed up from a mean head cold, Vicks Va-tro-nol relieves sniffly, sneezy distress, makes breathing easier.)

WHEN A COLD STRIKES, or slips by precautions, rub clinic-tested Vicks VapoRub on back, as well as on throat and chest at bedtime. VapoRub penetrates to the cold-congested upper bronchial tubes with soothing medicinal vapors. It stimulates throat, chest, and back surfaces like a warming poultice. This penetrating, stimulating action works for hours to relieve miasms of colds... insures restful, comforting sleep!

NOTE: If the miserable symptoms of a cold are not relieved promptly—or if more serious trouble seems to threaten—call in your family doctor right away.

BRIEFLY, HERE'S WHAT YOU DO: Observe A Few Simple Health Rules. Live normally. Avoid excesses. Eat simple food. Drink plenty of water. Keep elimination regular. Get plenty of rest and sleep. Avoid crowds and people who have colds.

IF A COLD THREATENS, put a few drops of clinic-tested Vicks Va-tro-nol up each nostril at first sniffle or sneeze. Use as directed in package. This specialized medication is expressly

OPA Head Explains Why the Government Is Giving

FREE RED POINTS for Used Cooking Fats

"Behind this plan, effective December 13th, is one of our country's most urgent wartime needs," says Mr. Bowles. "Every patriotic American wife and mother is asked to read this statement."

CHESTER BOWLES Administrator Office of Price Administration

"WARS are fought with gunpowder. Gunpowder is made from glycerine. Glycerine can only be made from fats.

"Behind those few words lies one of your country's most serious needs. Fats used to be imported in huge quantities from islands of the Far East. Those islands are now in enemy hands. And the government wants the used fats you can save in your kitchen to make mountains of ammunition, medicines, and other battlefield needs.

"Not a Premium on Patriotism"

"These are the facts as they have been pointed out to OPA by the War Food Administration. And they have led to this new plan: 'Two red ration points free when you turn in a pound of used fat to your butcher.'

"This is not a premium on patriotism. It is a way of bringing home to all women the urgent need of kitchen fats to make gunpowder. Moreover, it seems only just to return points for this service, because fats cost ration stamps. Your butcher has been informed of this ruling which went into effect on December 13th."

Chester Bowles

How the Plan Will Work

It's as simple as it sounds. All you have to do is fill up a tin can with used cooking fat and take it to your butcher. You don't need to use

a special kind of can—any kind will do. And you don't need to have any specified amount of fat; take it to your butcher whenever the can is full. He will estimate the weight of the tin and give you, cash in hand, 4c and two red points for every pound of used fat you deliver.

The government does not ask for these fats until you've got the cooking good out of them. But when that is done, every spoonful is wanted.

Would it surprise you to learn that just one single tablespoon of fat—just the little bit that is usually washed out of your broilers and roasting pans and skillets—will make five machine gun bullets? Or enough smallpox vaccines for seventy-three men?

Answers to Housewives' Questions

It doesn't matter whether the fat is burned or black—it still makes crystal-clear glycerine.

It doesn't matter whether it's pan drippings, fat from a soup, used shortening, cooking oils, or melted solid fat.

And, finally, it doesn't matter how little you save each day. Every drop is precious.

Saving these fats and turning them in is not an easy job. But it's a lot easier than doing the things our men must do on the battle fronts. Is it too much for them to expect that the wives and mothers of America will perform this task for them—to help put into their hands what they need to win?

They know it is not. They know that all their country has to do is ask—once our women really understand.

Won't you start saving your used fats today?

Approved by Office of Price Administration and War Production Board. Paid for by Industry.
