The sweetest-eatin' corn you've ever tasted! Three garden-sweet, flavorful kinds—smooth Cream Style, delicious Whole Kernel, and succulent Vacuum Packed. Try all three to add sparkle to your menus.

PICTSWEEP

AMERICA'S PREMIUM PEAS and CORN

Dewey Says Surplus Needed After War

ALBANY, N. Y.—(AP)—Gov. Thomas E. Dewey has predicted a state treasury surplus of \$140,000,000 in 1944 and exhorted New York's legislature to "lock it up" in a special fund for post-war reconstruction and employment.

The prediction and proposal featured the republican governor's message opening the 167th session of the legislature Wednesday, which also dealt extensively with solutions to problems confronting business, returning war veterans, home owners, taxpayers and needy persons requiring medical care.

Urging that freezing of the surplus be made the first law of 1944, Dewey asserted:

"When the men in our armed forces and the workers in our war plants return to their peacetime occupations they have a right to expect that we, at least, shall have done our part to help create employment opportunities."

Estimates Place Nazi Loss at Six Million

LONDON—(AP)—Adolf Hitler's wartime losses are estimated at 6,000,000 men killed, wounded or captured in an analysis of Nazi fighting manpower prepared by Col. Francisco Moravec, chief military intelligence officer of the exiled Czechoslovakia government in London.

Moravec's figures, believed to coincide closely with Anglo-American calculations, are considered the most authoritative allied estimate yet made public concerning German losses.

"The figures clearly show that Germany already has exhausted all resources for the armed forces and only the youngest age groups remain for her to draw from to make up for future losses," Moravec said.

Proud WACs Defend Name Said to Sound Like Bronx Cheer

DES MOINES, Ia.—(AP)—The WACs at Fort Des Moines are proud of their nickname and they have no patience with theories of Dr. Donald Anderson Laird, internationally known psychologist.

Dr. Laird contended that the name WAC sounds like a Bronx cheer and is responsible for failure of the women's army recruiting program to attract more women.

"I think it is nonsense," said Cpl. Lola C. LaPaugh, Seattle, Wash. "The term was is short. It is distinctive. It means exactly what it is intended to mean—women's army corps. No other word could tell the story so simply."

PFC Doris E. Mincher, Oakland, Cal., asked:

"What would become of our navy if men refused to enlist because they would be called tars or salts?"

Lt. Marie H. Eichelberger, Olympia, Wash., head of war recruiting for Iowa, said:

"I have interviewed personally thousands of women. I have talked to groups of thousands more and at no time have I sensed the slightest reluctance about joining the corps because of its name. In fact this is the first time I have heard of any such reason."

Three-fourths of the virgin timber of the United States has been cut.

MIND YOUR V's AND Q's

• V is for Vitamins. And Q is for Quality. Don't forget! It isn't enough just to "take vitamins." The important thing is to be assured that you get the right vitamins, of full potency, and in the correct proportion to meet your particular needs. Ask your Physician to make a careful diagnosis of your case. Then bring his prescription here to Vitamin Headquarters.
