Dr. Erb Death News Radioed Across Sea

The news of Donald M. Erb's death was heard around the world, according to a letter received by Miss Janet Smith, employment secretary, from Don Butzin, Hood River, radioman second clas in the navy and a journalism major at the University of Oregon from 1939 1942.

The letter was datelined 12:50 a. m., Dec. 24, and was written from an armed guard center in the Pacific and reads as follows:

"I was taking the Morse code sent press tonight when a dateline came along which gave me a special thrill. It was 'Eugene, Oregon.' The item was a very unwelcome one, the death of President Erb. In my memory of him, both from outward appearance and inner spirit, he was not a man one would connect with death. So his sudden passing is a bit out of the present scheme of things. Perhaps strain of extra war duties lowered his resistance. News of this event sent around the world in a limited news service indicates the extent of the loss—even more felt by you who worked with him."

Bricker Launches 1944 Campaign

DETROIT, Jan. 8.—(U.P.)—Gov. John W. Bricker of Ohio launched his campaign for the republican presidential nomination today with a warning that an intra-party quarrel "is the only thing that can lose the election for us in November."

The governor told an audience of 1000 Wayne county (Detroit) republicans that he was "more interested personally" in electing a republican president and defeating the New Deal than "in being the next president of the United States."

"The only thing that can lose the election for us in November is a quarrel within the ranks of the party," Bricker declared, adding that there is "every indication" that the GOP would seize control of the senate as well as the house this year.

It was the first public address for the Ohio governor since he announced his candidacy for the republican nomination and he delivered a blistering attack against the "bureaucratic dominance and government control of the New Deal."

He pledged that America "will be set free" by the republican party which has the "greatest opportunity to serve the country since the time of Abraham Lincoln."

Trapper, 11, Retires After Skunk Episode

MINNEAPOLIS—(U.P.)— George Fleet, who is 11 years old, has retired from the business of animal trapping. He found that it causes too much trouble.

George's first catch was a skunk, alive and unharmed. Being new at the business, George didn't have the heart to kill the skunk, so he stuffed it into a bag and boarded a street car.

The motorman stopped the car and began raising windows. The other passengers pointed at George. The lady conductor clamped thumb and finger on her nose and escorted George from the car.

Undaunted, George walked to a furrier who gave him 50 cents for the animal.

With his profit, George bought a ticket and went into a movie. There was a sudden rush to clear the theater. The manager found George and hustled him into the street.

Next day George went back to school, wearing a new suit.

Youths Must Start Fires to Join Club

CHELSEA, Mass.—(AP)—Youthful applicants have to start at least two fires to become members of a neighborhood "boys club" in this city.

The incendiary membership rules were discovered by police and fire department officials after the arrest of a boy who was accused of setting his own house on fire in order to get into the "club."

Others in the neighborhood had membership aspirations, too, and fire officials attributed the desire to join the "boys club" as the underlying cause of at least 12 incendiary blazes which have occurred within two square blocks since Dec. 18. The property loss was estimated at $10,000.

NEW YORK

Scattered rails and specialties continued to attract a fair amount of bidding in today's stock market although, as in preceding session, many leaders were left to struggle in losing territory.

Most carriers held their own because of hopes the wage problems in this field would be ironed out soon. Some further profits were cashed as the stock exchange revealed that the quoted value of all listed stocks increased more than $2,500,000,000 in December.

Near-closing shifts were notably irregular. Transfers were around 300,000 shares.

Oil Company Gets First Settlement Sum

Standard Oil Company of California has received a check for $1,913,997.59, representing first payment on a settlement for its interest in Mexican oil properties expropriated by the Mexican government in 1938.

The total settlement with Standard of California amounts to $3,589,158 plus 3 per cent interest from the date of expropriation. The balance of this sum is payable in four yearly installments, the last of which will be due in September, 1947.

The amount payable to Standard of California was agreed upon by the United States and Mexican governments last September. At that time the two governments also agreed upon settlements of similar claims by other American oil companies.
