Harold Noble from Overseas

Harold J. Noble, 132 Third Avenue west, received glad surprise of hearing husband's voice over the radio Wednesday evening, from San Francisco, this being her first word he had returned from overseas. Captain Noble, former student at the local university of Oregon, has been with the U. S. marine corps in the south Pacific the past year, serving through several campaigns. Mrs. Noble said he would be met at a San Francisco hospital and would be home later. Mrs. Noble does not think he was wounded, having had no word; she is hopeful that he will arrive here next week. He has been away from his home for about two years, having enlisted in the marine corps in March, 1942. After ten years as associate professor of history at the University of Oregon.

Requiem Mass for Louis Foss Friday

Solemn requiem high mass will be sung at St. Mary's Catholic church Friday at 8:30 a. m., for the repose of the soul of Louis Foss, 24, son of Mr. and Mrs. E. E. Foss. He was officially declared lost by the navy department, being torpedo-man on the submarine Runner, which had previously been announced as overdue and presumed to be lost.

Louis Foss enlisted in 1941 and had served 20 months aboard the famous submarine Python, lost earlier in the war. A year ago he had been given a month's leave, which he spent in Eugene with his parents. He was a graduate of St. Martin's college, Lacey, Wash.

Father Francis P. Leipzig will be celebrant of the solemn high mass, assisted by Father Louis H. Sohler, deacon, and Father J. Kellerher, S. J., sub-deacon. Boy Scouts of St. Mary's school will be honor bearers of the flags and will serve the high mass. The military wives and mothers of St. Mary's parish will attend the services in a body.

Oregon Flame Thrower Helps Blast Out Japs

BOUGAINVILLE—(Delayed)—(AP)—In less than 10 minutes after they set to work, a group of specially trained marines which included warrant officer W. H. Amos of St. Helens, Ore., using flame throwers, put out of commission a Japanese position which had defied assault by all ordinary means for three days.

The swift work of the flame throwing squad, the first time the weapon was tried in this area, was related by marine combat correspondent Sgt. Bill Burnett, who recalled that the men who carried the bulky throwers called themselves "Lord and his six disciples," because their commanding officer is First Lieut. R. I. Lord of Nashville, Tenn.

The abaca plant, the source of Manila rope, is now being grown successfully in Panama, Costa Rica, Honduras and Guatemala.
