

...se Leaves
...To Make
...ate Race

WASHINGTON, Jan. 29.—
Wayne L. Morse, pub-
...number of the war labor
...resigned today to be-
...a candidate for the re-
...nomination to the
...States senate in Ore-
...party primary will be
...in May.

...ident Roosevelt accepted
...signation effective Febru-
...ary that the reasons set
...for Morse left him no alter-
...ative.

...resident said that he ac-
...cepted the resignation with "sin-
...cere regret," and that Morse had
...been a WLB member "great-
...ly vigorous thought and an
...unimpaired point of view." Morse
...work of supreme im-
...portance to the war effort, the
...board added.

...this letter of resignation
...said that in many ways he
...was leaving the board at this
...time because he fully appreciated
...the importance of the im-
...portant work to the war effort
...home front.

...believe, however," Morse
...that the major policies and
...direction of the board for the
...future of labor disputes and
...the utilization of wages already
...established in decisions
...made by the board.

...I am sure that the
...record of the board will
...be for the duration of the
...war, irrespective of changes
...may occur in its personnel.
...before, after weighing all
...factors involved, I have
...decided to become a candidate for
...to the United States sena-
...this decision was reached
...after a large number of
...and groups in my home
...argued that I could perform
...needed public service if
...especially in view of the
...the issues which uni-
...will be decided by the
...in the next six years will
...affect the destiny of our
...for many years to come."

...pointed out that during
...years' service on the
...he had written 118 of its
...opinions, 10 of which were
...opinion ones.

...proud to stand on my
...of consistent and persist-
...the supremacy of government
...must prevail in the final
...of wartime labor
...Morse said.

...announced several weeks
...that he was considering enter-
...senatorial contest in his
...state.

...University of Oregon
...down, on leave to take
...his position, is a republican.
...possible candidacy has been
...discussed in Oregon.
...from persons have received
...much mention as opponents
...him. They are E. Palmer
...publisher of The Oregonian;
...A. Sprague, ex-governor
...publisher of The Oregonian;
...Merle Chessman, state
...and publisher of The As-
...Budget, and Morse. Hoyt,
...and Chessman all turned
...a possible nomination.

...ese Supplies Cut
...WASHINGTON, Jan. 29.—(AP)—
...duction of about 15,000,000
...of the scheduled 1944
...share of specialty types of
...including brick, lime,
...cream, roquefort, Italian
...and others—has been order-
...by the war production board.
...sals said last night that the
...taken to divert a larger
...of limited milk supply to
...production of dairy products
...most important from the
...standpoint, such as cheddar
...butter, evaporated and
...milk.

...IDENT TO SPEAK
...WASHINGTON, Jan. 29.—(AP)—
...President Roosevelt will make a
...address tonight on a radio
...program honoring his birthday.
...entire program will be broad-
...cast on all major networks from
...8:15 P.M.T.

...LETON CADET KILLED
...Id. Okla., Jan. 29.—(AP)—
...W. Roush, 22, Pendleton,
...was one of three aviation
...killed in the crash of two
...planes near their base at
...military flying school.

...eather
...Weather Forecast: Oregon
...north, cloudy south portion
...occasional rain southwest,
...occasional snow southeast,
...tonight, and Sunday,
...southeast portion tonight.
...Statistics: Minimum tem-
...perature, 30; maximum, 30;
...45 degrees; stage of Wil-
...liver in Eugene at 7 a. m.
...1.75; -68 of a foot.
...TIDES (P.M.T.)

...HAVE IT?
...ready, when the paper
...calls will insure better
...service.

...P. S. All advance pay-
...ments must be mailed or
...brought to the Register-
...Guard office, as the carrier
...has the authorized agent
...for collections over one
...month.

...More Blows at Spain Hinted
...WASHINGTON, Jan. 29.—(AP)—
...The implication today of the al-
...lied choking off of oil shipments
...to Spain was that unless Gen.
...Franco stops helping the axis,
...other drastic blows may follow.
...The action was announced by
...the state department yesterday.
...By hitting Spain's economic
...system, the move apparently was
...intended to force Franco out of
...the paradoxical situation where
...Spain has been a "non-belliger-
...ent," gradually showing warm-
...ness toward the allies as war pro-
...gressed in their favor, yet, con-
...tinuing to aid the axis.

...In the light of trends in Span-
...ish policy, the state department
...said the United States has pro-
...hibited Spanish tankers from
...loading oil for Spain pending a
...reconsideration of trade and gen-
...eral relations between the two
...countries.

...Meanwhile, Spain faces a pos-
...sible economic crisis of severe
...proportions since she has been
...receiving up to now only enough

...oil for barest essential needs.
...For some time, Franco has been
...making gestures toward Britain
...and the United States, but the
...action and the five American re-
...quests, termed "reasonable and
...important" by the state depart-
...ment, indicated that only a whole
...new Spanish policy would be sat-
...isfactory.

...The grievances which, accord-
...ing to the announcement have
...been addressed repeatedly to the
...Spanish government for some
...time, are:
...1. Failure to release interned
...Italian ships.
...2. Failure to stop the export of
...vital war materials to Germany.
...3. Failure to curb activities of
...nazi agents on Spanish territory.
...4. Apparent failure to withdraw
...all members of the Spanish blue
...division from the Russian front.
...5. Extension of credit to Ger-
...many which the nazis "question-
...ably expect" to use for espion-
...age and sabotage in Spanish ter-
...ritory.

...BLAST KILLS FARMER
...PORTLAND, Jan. 29.—(AP)—A
...dynamite explosion killed August
...F. Itel, 57, Sherwood, as he was
...blasting stumps on his farm late
...yesterday. Two helpers, his
...brother, Joseph, and his brother's
...son, Earl, 16, were knocked down
...by the concussion but escaped in-
...jury.

...NEW DIKES BUILT TO
...CURB RIVER FLOODS
...For many more years than local
...farmers living north of Eugene
...can remember, they have peri-
...odically suffered from the winter
...floods of the Willamette which
...sweep rich silt from their lands
...and chew earth from the edges of
...their river-bordered farms.

...This year, thanks to army en-
...gineers, using the Butler Con-
...struction company of Portland,
...their worry seems to be at an end.
...While post-war planners talk
...of damming the headwaters of the
...river, the army has gone ahead on
...a project to build dikes along
...curves where the river habitually
...rushes over its banks after winter
...rains.

...On December 19 a diesel shovel
...and several trucks appeared along
...the river where it parallels River
...Road near the Baer Lane. Two
...other diesel shovels arrived soon
...after, and workmen began smooth-
...ing the bank and laying bedrock
...for the huge wall which will hold
...the river to its course.

...Laying of the boulders, from a
...quarry near Coburg bridge, is al-
...most completed. The next step
...will be for workmen to lay by
...hand the rock wall. Meantime
...the steam shovels will be filling in
...shallow spots immediately behind
...the wall to reinforce the dam.

...The main idea behind the wall,
...similar to one completed Satur-
...day on the river between Coburg
...and Harrisburg is to take out the
...abrupt curve which the swollen
...river finds impossible to turn dur-
...ing flood season. The dikes will
...be permanent structures, expected
...to withstand the highest waters,
...although much of the burden is
...expected to be taken from them
...when dams are built farther up
...the river as part of Lane county's
...post-war projects.

...H. P. Haley of the Butler Con-
...struction company is superintendent
...of the project, which was en-
...gineered and which will be in-
...spected upon completion by army
...engineers.

...Raiders in Pacific
...Give No Rest
...By Associated Press
...Aroused forces of the united
...nations, pledged to avenge wan-
...ton Japanese brutality to allied
...war prisoners, gave the Nippon-
...ese no letup in aerial smashes at
...their island bases throughout the
...Pacific.

...South Pacific bombers returned
...to battered Rabaul for the 24th
...raid this month on the enemy's
...New Britain stronghold, blasting
...22 to 30 interceptors out of the
...sky at a cost of four planes.

...Allied bombs—123 tons of them
—smashed again at the Japanese
staging bases in the Admiralty Is-
lands northwest of Rabaul. Other
planes pounded the invasion-
marked northern coast of New
Guinea, spewing fires and explo-
sions in the Madang area toward
which ground troops are now
moving.

...The Marshall Islands came un-
der aerial assault for the 22nd
straight day, and army medium
bombers pounded on the little
phosphate island of Nauru, 800
miles to the south, for the first
time since December 28.

...Australian infantrymen were
reported less than 30 miles from
American positions south of Sai-
dor on the coastal route to Mad-
ang. Their advance tightened the
allied vice on an undetermined
number of isolated Japanese
caught between the two forces.

...FLOOD INSURANCE—U. S. army engineers working in conjunction with the Butler Construction Co. of Portland, are building dikes along the Willamette river north of Eugene in the River Road district. Picture above shows a steam shovel dropping boulders into the river to provide foundation for a wall. In the picture at left the shovel operator has climbed to the end of the crane to untangle a fouled cable. Rain clouds in the background mean overtime work so that the dikes will be ready if an unpredictable flood should result. Engineers have built several other dikes between Eugene and Junction City to safeguard farmer's crops and suburban homes. Dams farther upstream will have to wait until after the war. (Willshire engraving.)

...Coast Labor
...Group Meets
...Saturday afternoon's session of
...the mid-winter meeting of the
...Oregon State Building and Trades
...council, assembled at the Eugene
...hotel for a two-day meeting, was
...scheduled to hear reports of com-
...mittees, committee appointments
...and report of the executive com-
...mittee.

...Harry Ames, executive secre-
...tary of the Washington State
...Building and Trades Council, and
...Del Nickerson, executive secre-
...tary of the Oregon State Federa-
...tion of Labor are speakers on the
...afternoon program.

...Sunday's session to begin at 9
...a.m. will be addressed by L. C.
...Stoll, area director of the war
...manpower commission; Ray Kirk-
...patrick, labor relations director of
...the division of public works ag-
...ency, and J. W. Kelly, executive
...secretary of Governor Snell's post-
...war readjustment and developing
...committee. Representatives of in-
...ternational unions will also be
...present to address the group, John
...O'Neill, executive secretary of the
...Oregon State Building and Trades
...council, announced.

...Much discussion at the meet-
...ing will center around plans for
...a uniform wage scale agreement
...throughout the state. Importation
...of Mexican labor will also receive
...attention of the group, it is stated.

...Argentinians In Row
...By United Press
...A group of Argentine army of-
...ficers who took part in the "Col-
...onels' revolution" which placed
...the present government in power,
...today denied Gen. Arturo Rawson's
...claim that he directed the
...June 4 coup. The development
...came amid indications that the
...country was facing another major
...political crisis.

..."We proclaim under the faith
...of our oath as soldiers and Ar-
...gentines," they messaged Presi-
...dent Pedro Ramirez, "that you
...were and are the nerve and brain
...of that historical movement."

...Rawson, who served as presi-
...dent for the first three days of
...the revolution, precipitated the
...crisis which followed Argentina's
...severance of relations with the
...axis by resigning last night as
...ambassador to Brazil.

...One Uruguayan report said the
...entire Argentine cabinet had re-
...signed to clear the way for re-
...organization of the government.

...HYGIENE DAY SET
...SALEM, Jan. 29.—(AP)—Cooper-
...ation in observance of Wednesday,
...February 2, as national social hy-
...giene day, was asked of the Ore-
...gon public today by Governor
...Snell.

...More Blows at Spain Hinted

...Argentinians In Row
...By United Press
...A group of Argentine army of-
...ficers who took part in the "Col-
...onels' revolution" which placed
...the present government in power,
...today denied Gen. Arturo Rawson's
...claim that he directed the
...June 4 coup. The development
...came amid indications that the
...country was facing another major
...political crisis.

..."We proclaim under the faith
...of our oath as soldiers and Ar-
...gentines," they messaged Presi-
...dent Pedro Ramirez, "that you
...were and are the nerve and brain
...of that historical movement."

...Rawson, who served as presi-
...dent for the first three days of
...the revolution, precipitated the
...crisis which followed Argentina's
...severance of relations with the
...axis by resigning last night as
...ambassador to Brazil.

...One Uruguayan report said the
...entire Argentine cabinet had re-
...signed to clear the way for re-
...organization of the government.

...HYGIENE DAY SET
...SALEM, Jan. 29.—(AP)—Cooper-
...ation in observance of Wednesday,
...February 2, as national social hy-
...giene day, was asked of the Ore-
...gon public today by Governor
...Snell.

...More Blows at Spain Hinted
...WASHINGTON, Jan. 29.—(AP)—
...The implication today of the al-
...lied choking off of oil shipments
...to Spain was that unless Gen.
...Franco stops helping the axis,
...other drastic blows may follow.
...The action was announced by
...the state department yesterday.
...By hitting Spain's economic
...system, the move apparently was
...intended to force Franco out of
...the paradoxical situation where
...Spain has been a "non-belliger-
...ent," gradually showing warm-
...ness toward the allies as war pro-
...gressed in their favor, yet, con-
...tinuing to aid the axis.

...In the light of trends in Span-
...ish policy, the state department
...said the United States has pro-
...hibited Spanish tankers from
...loading oil for Spain pending a
...reconsideration of trade and gen-
...eral relations between the two
...countries.

...Meanwhile, Spain faces a pos-
...sible economic crisis of severe
...proportions since she has been
...receiving up to now only enough

...oil for barest essential needs.
...For some time, Franco has been
...making gestures toward Britain
...and the United States, but the
...action and the five American re-
...quests, termed "reasonable and
...important" by the state depart-
...ment, indicated that only a whole
...new Spanish policy would be sat-
...isfactory.
