P-TA REVIEWS PAST YEAR
SPRINGFIELD—In review Wednesday of the P-TA's record for the past year, there was found to be more than a 10 per cent increase over last year's membership, officials announced. Considered as the main project is the serving of hot lunches at the three grade schools, with an estimated cost of \$4,000 for 24,000 meals.

Outstanding meetings have been founders' day and the teachers' reception, these having the best attendance. Mrs. C. S. Christiansen and Mrs. M. F. Burright were delegates from the Springfield P-TA to the state convention, and there has been a representation at each county P-TA meeting.

Accomplishments throughout the year include the dental clinic project; approval and support of the Springfield public park and playground; purchase of a screen and projector, and three refrigerators for the grade schools; sponsoring of the Cub scouts; a donation of \$20 and furniture to the junior high school girls for their first aid room; and the holding of the summer round-up, including the physical examination for children entering school this fall.

Officers who plan to carry on these projects next year are Mrs. C. S. Christiansen, president; Mrs. Mary Warner, vice-president; Mrs. Walter Rust, secretary; Mrs. Frank Nixon, treasurer; and Mrs. William Cox, historian. Only executive meetings of the P-TA will be held through the summer, but regular meetings will be resumed sometime in October.

LILIES CAUSE COMMENTS

SPRINGFIELD—"Consider the lilies"—and patrons of the Springfield bank have exclaimed this thought in many and appreciative tones throughout this week as the delicate fragrance of a tall vase of cut white and yellow field lilies have greeted them as soon as they

stepped inside. M. Preimer, janitor of the bank building, transplanted several of the cinnamon-speckled flowers from the wild fields to his own yard, and claims

that the plants really thrive better, if left uncultivated. They are native to Oregon, these being about two feet tall, and are expected to last through the week.
