Multi-Facet

DIAMOND RINGS

in this Community

As Authorized Multi-Facet Distributors we can now offer you diamond cutting and dog styling in their most advanced application.

The formula for cutting Multi-Facet Diamonds was evolved after 4 generations of diamond cutting experience. Instead of a diamond's usual 58 facets—these exquisite gems are cut with an extra 40 facets—a total of 98 light reflecting surfaces. Result... Greater brilliance and intensified color, as well as protection against chipping.

The mountings too, are specially styled and designed to further accentuate the Multi-Facet Diamond.

Please accept our cordial invitation to stop in soon and inspect the complete selection of Multi-Facet Diamond Rings now on display.

Cut with 98 Facets instead of the usual 58

40 Extra Facets around edge of Multi-Facet Diamonds assure greater brilliance (proved by laboratory tests) intensify color, help prevent chipping.
