PORTLAND, Ore., June 24 — Labor leaders tonight predicted freely that lumber workers will demand a legal strike vote under the Smith-Connally act following the war labor board's second denial of a general wage increase in the fir and pine industry, but no action was taken pending outcome of labor meetings begun here today.

### Japs Take Rail Point Defending Hengyang

Elements of Nippon's Kwangtung army driving down the Hankow-Canton railway through central China have captured Hengshan and pushed on to within 20 miles of Yengyang, crucial railway junction. Hengshan was the last important obstacle on the path to Hengyang.

stituted the budget committee. Of these three Matt Wilhelm and Harry Bower were present, Charles Dugan, the third member, not being able to attend. The courtroom was well filled with interested taxpayers.

### Drury Proposal

After Judge Hurd read the budget through, the salary question came up immediately. Walter Drury of Coburg brought the matter up with a few brief remarks and Clarence Simons of Eugene, who later made the motion for the increase in the health department salaries and those of the courthouse personnel, spoke in favor of the proposal. Roy Woodruff, Sheriff O. E. Crowe, Hart Larsen and C. A. Huntington also favored the increase.

Figures were also shown to the effect that the health officers and nurses in other counties of the state are paid more than those in Lane county and the reason the department here has only two nurses at present instead of five as provided for in the budget is the low salaries offered, it was claimed.

### Schedules Shown

The salary schedule during the past year in different offices at the courthouse follows: Assessor's office—Chief office deputy, per month, \$180; two office deputies, \$130; one office clerk, \$120; one field deputy, \$165; one field deputy, \$130. Clerk's office—Chief deputy, \$180; two deputies, \$185; one deputy, \$145; two deputies, \$140; three deputies, \$130; one deputy, \$125; one deputy, \$120; one deputy, \$100. County court—Secretary, \$1680 a year. Juvenile department—Juvenile officer, \$2400 a year; assistant, \$1800; secretary, \$1680. County school superintendent—Clerk, \$1680 a year. Sheriff—Civil and criminal departments: Chief deputy, \$170 a month; civil deputy, \$165; license deputy, \$140; criminal deputy, \$165. Tax department: Chief deputy, \$200; assistant chief, \$175; cashier, \$140; bookkeeper, \$140; assistant bookkeepers, \$130 and \$120; personal tax deputy, \$160; stenographer, \$110. Jail: Jailer, \$125; night jailer, \$100. District attorney—Secretary, \$1680. Surveyor—Stenographer, \$1680. Treasurer—Assistant, \$1680. No objections were made to other items in the budget and the motion to adopt it with the salary increase items was carried unanimously.

### Route F Comes Back In Dahlia Contest

Well, Route F is right in there when it comes to this dahlia business.

Mrs. Ben Forney, Route F, reports a red dahlia in bloom, measuring 6 1/2 in diameter and a stem 15 inches long. The plant is six and one-half feet tall.

What chance have "contests" on tall gladioluses and such summer flowers, with the fall blooms already monopolizing the produce news?

Route F fame has spread deep into Douglas county, too, because from Sutherlin comes a challenge regarding fibbers. From the Matt Aldropp place at that community came a cluster of 13 fibbert nuts, and the question, can Route F beat this?

P. S.—Dahlias aren't the only flowers in the "news," however. From Blachly late Saturday came a very tall double Callily, sent in by Mrs. Mamie Duckett of that community. A double one is unusual, but so large a one is "extra unusual."

Adding to the above, O. R. Sturges of Wendling brought in samples of wild blackberries, of which the family have enjoyed a pie, and ripe red huckleberries. He queries Route F, also.
