

Man Found With Wrist Slashed

REEDSPORT.—John K. Thomason, 29, whose wife Amelia and baby daughter reside at 2122 Seventh avenue, Seattle, was found in an unconscious condition on the Charlotte creek bridge, about 10 miles east of Reedport on the Umpqua highway, about 8:30 p.m. Sunday. He was at first thought to have been struck by a passing

Council To Ask—

(CONTINUED FROM PAGE 1)

a city manager at the next meeting. The street department was given permission to buy a new street sweeper, utilizing moneys in its equipment and sinking funds. Advertising for bids is planned.

Councilman Barrette proposed a new ordinance which would regulate the use of public parks. Violation of this ordinance could subject the violator to a maximum \$200 fine and costs of prosecution, and imprisonment in the city jail one day for each two dollars of the fine unpaid. After a prolonged discussion, the ordinance was turned back to parks committee for revision, although during the discussion Barrette refused to accept any amendments to the measure.

The street department will put up and take down street decorations in observance of the state convention of Spanish American War Veterans, to be held here July 9-12. Permission was granted to stage a parade the evening of July 11, in answer to request of Judd Stauffer, representing the local SAWV.

The police department was instructed to inform a second-hand store on Thirteenth Avenue east that displaying goods on sidewalks or parking is a violation of Ordinance 8295 and must be discontinued. Suggestion: The Hawaiian 1944 bicycle licenses be mandatory as was application for funds from the Lane county humane society. Report will be made at the next meeting on decision of the health board as to whether its members wish to continue to function.

The board of appeals, with council approval, gave permission to A. C. Granger to convert a house at 1992 Potter into a duplex; to Ed Lorraine Co. to use five lots in the residential district north of Seventh between Almaden and Taylor for a branch building; to R. Farwell, 1432 Moss, to build a house addition without providing a continuous concrete foundation.

Property offers accepted were: three lots north side of Third between Polk and Taylor to Harry E. Howell and Edith Fay Howell; southwest corner Fifteenth and Jefferson and lot southwest of Twenty-third and Agate to Frank H. Seal Jr.; lot northwest Fifteenth and Villard to George Myrmo.

Class A beer licenses were approved for Vera L. Hill and Effie I. Goodale, Lawrence Street Grocery, 395 West Eleventh, and Nina U. Medill, Medill's Emergency Store, Rt. 1, both as transfer from former owners.

Investigation is to be made into report that three trailer houses and a garage, all without sanitary facilities, are being rented on East Fourteenth. Also to be investigated is complaint of A. F. Richards Machine shop, that the city pavement plant at Third and Lincoln is causing damage by smoke and dust.

Application of city garbage haulers, to increase rates for residential collection, was referred to the health committee for investigation through OPA and the dealers themselves.

War Damage Corporation informed the city that its WDC policies would be continued for another year without additional payment of premium. Passed finally was rezoning of one-eighth block on north-west Fifteenth and Twenty-third from multiple-family to business district. Contract of R. R. Hughes, city dump tender, was renewed and he was given \$10 per month raise in salary. One-year contract for one year's fire protection for Bethel fire and water district was approved. The east and west five and one-half

feet of lots in block 30, Cross addition, were dedicated for street purposes; the area borders the alley parallel to Kincaid and Harris, between Twenty-second and Twenty-third. An ordinance for reassessment on the cost of constructing a sidewalk on the south side of Broadway between Polk and Taylor was passed. Another ordinance passed will provide improvement by paving of the north half of the intersection at Tenth and Taylor.

Bid of Manerud-Huntington, to sell 50 cords of random-length old growth fire wood to the fire department, to be delivered as needed at \$5 per cord, was accepted. A. L. Strickland was hired as full-time electrical inspector, starting July 1. Forty tons of asphalt for street use is to be bought from Standard Oil of California.

New booster hose for the fire department will be bought from R. A. Babb, on preference expressed by Ira O. Stewart, fire and water chairman, after bids had been opened and compared.

Court Votes—

(CONTINUED FROM PAGE 1)

mill tax levy, but Commissioner Holland declared that he figures the increase in the payroll will amount to something like \$20,000 a year.

Levy Estimated
Judge Hurd said that the new levy as called for in the budget as adopted, including the salary and wage increase, will be 12.2 or 12.3 mills on the total property valuation of \$52,000,000, but this cannot be finally computed until figures on public utility property valuations are in. In addition to this, there will be the two mills voted by the people at the primary election for roads and bridges, making a total of 14.2 or 14.3 mills. The levy for the past year was 12.2 mills.

Holland Statement
Commissioner Holland in explaining his vote against the advance in pay, made the following statement, to be placed in the records:
"The question of salary increases for county employees was thoroughly considered by the Lane county budget committee, consisting of the Lane county court and Matt Wilhelm, John Dugan and Harry Bower. It was found that the present salaries were comparable to wages paid other employees for the same class of work. It was voted by the budget committee that there be no raise in salaries."
"The movement to recommend raise in salaries at the taxpayers' meeting which was held June 25, originated in the courthouse by courthouse employees and some of the county officers, and I do not consider it a fair representation of taxpayers."
"Therefore, I am voting against the raise in salaries for courthouse employees."

Record Concert on Campus Wednesday

Another "bonus attraction" for campus and town music lovers is planned for Wednesday evening at 7:30 in the browsing room of the university library in the form of a concert of recorded music by British composers.

Miss Ella Carrick of the library staff will present the program from her record library and that of Miss Ellen Sutherland.

Selections will be "Fantasia on a Theme by Thomas Tallis" by Vaughan-Williams, "Cinderella" by Coates, "Passing By" by Purcell, "Down the Burn" by Scotch, "Pomp and Circumstance" marches 1 and 4 by Elgar, and selections from "The Gondoliers" by Gilbert and Sullivan.

SCHOOL TAX VOTED

KLAMATH FALLS, June 27.—(P)—A handful of voters here yesterday overwhelmingly passed a five-year annual levy of approximately \$60,000 for pre-financing property improvement and construction at Klamath Union High school. The vote was 50 to 6.

The municipal stadium of Cleveland, Ohio, cost more than \$3,000,000.

BIRD DOG AND BIRDS.—Sucky, English setter owned by Mr. and Mrs. Martin Grimm of Ulica, N. Y., is a bird dog, but he holds no terrors for those fowlings. They not only made his acquaintance but became fast friends.

Cowboy Singer Wins Idaho Nomination

BOISE, Idaho.—(P)—Glenn H. Taylor, war worker and cowboy singer, defeated Sen. D. Worth Clark by 216 votes for the democratic senatorial nomination in Idaho's June 13 primary, the official canvass disclosed. Taylor's vote was 10,711 and Clark's 10,495.

Taylor, twice defeated by republican John Thomas, will oppose Gov. C. A. Bottolfsen, winner of the republican senatorial nomination, in the November election.

Lane Buys—

(CONTINUED FROM PAGE 1)

who obtain tickets at issuing agencies. "The Story of Dr. Wassell" with Gary Cooper will be shown at the McDonald and "Show Business" with Eddie Cantor at the Heilig, performances to begin at 8:45 p. m.

Chief work of the special events committee is the Lane County Bond Carnival (LCBC) to be held Friday and Saturday nights from 7:30 to 11 on Tenth just west of Willamette. The half block will be roped off Thursday morning to allow early installation of booths.

From Portland, bond headquarters reported that state sales are lagging even farther behind than Lane's. Purchases to date stand at \$35,853,177, which is 20.7 per cent of the Oregon quota. Heavy corporation purchases of \$5,124,209 were made Monday.

At Salem, the state bond commission announced it had invested \$4,880,440 in the fifth war loan, an increase of \$850,000 over the total invested in the fourth loan.

Mrs. Martha Hitchcock

Graveside services for Mrs. Martha Jane Hitchcock, 78, who died Monday at Klamath Falls, will be held Thursday at the IOOF cemetery No. 2 in Eugene, the Branstetter-Simon mortuary in charge. Rev. L. O. Griffith will officiate.

Mrs. Hitchcock, a native of Indiana, had been a resident of Klamath Falls for 12 years. She is survived by one son, D. E. Hitchcock, and one daughter, Mrs. Francis Wheeler, both of Klamath Falls; six grandchildren and five great-grandchildren.

Martin Hurl—

(CONTINUED FROM PAGE 1)

to remake America in a way which would destroy opportunity and initiative. They would put an end to private industry. They would regiment all men and all women, and put all our people in shackles of bondage to an autocratic, power-lustful bureaucracy.

"The sure way to avert what would be a major transformation of our political and social ideals is to put a new governmental policy in effect in Washington."

"The first thing the republican party will do when it comes into power," Martin asserted, "will be to restore to congress its responsibility and function as the people's special instrument of control over their government and their public officials."

He said the republicans would restore the responsibility in matters of local concern to the state and local governmental subdivisions; that it would maintain genuine economy in government; that its taxing system would be made simple and equitable.

Labor would be permitted to retain "all the essential rights and just privileges it has gained," Martin said, while agriculture would be assured a "commensurate return on investment and labor," and private capital would be encouraged to venture into expanded production.

Women Bond Leaders To Meet Wednesday

Chairmen, captains and other solicitors in the women's residential canvass of the fifth war loan will hold a report luncheon Wednesday noon in the Eugene hotel mirror room, it is announced by Mrs. Harold Jensen, city chairman, who is in charge of this work, sponsored by Business and Professional Women's club.

The east and west side chairmen, Mrs. John F. White and Mrs. Kathryn Kilburn, urge that all workers join them in making reports of bonds sold to date.

DESTROYER ESCORT SUNK

WASHINGTON, June 26.—(U.P.)—The 1300-ton U. S. destroyer escort Fechteler was sunk last month as a result of enemy action in the Mediterranean, the navy announced today.
