

Children Flee London To Avoid Robot Bombs, Says Churchill

LONDON, July 6—(AP)—German flying bombs have killed persons and wounded 8000 since blind robot attacks, started on London, started three years ago. Prime Minister Churchill disclosed to the house commons today.

More than 10,000 of the casualties were in London. Churchill announced that children all were being sent from the city as they were in the blitz four years ago.

The prime minister gave an accounting for the first time of the effect of Hitler's new weapon on the British people. He said that 2,750 of the robot bombs have been discharged since the start of the war. Churchill said that "so far" about 100 tons of allied bombs have been dropped on these targets.

Folkes Case May Go To U. S. Supreme Court

PORTLAND, July 6—(AP)—The appeal of Robert E. Lee Folkes, whose death sentence in the "Lower 13" slaying was upheld two weeks ago by the state supreme court, will be carried to the U. S. supreme court if necessary, attorney LeRoy Lomax said today.

The 22-year-old Negro was convicted of first degree murder in the slaying of Mrs. Martha Virginia James in a Pullman berth a year and a half ago. The supreme court, after long delays because of voluminous testimony upheld the conviction.

Lomax said he would file a petition for a rehearing of the case in the state supreme court within a few days, and appeal to the U. S. supreme court if the rehearing is refused.

Schools Urged To Get Teacher Staffs Hired

SALEM—(AP)—School districts have been urged by the state department of public instruction to complete their teaching staffs for the next school year as soon as possible in order to avoid a teacher shortage.

D. A. Emerson, assistant state education superintendent, said the shortage might be the worst in history.

During the school year just closed, more than 100 teaching assignments were unfilled, and more than 1,000 teachers were temporary, having special emergency teaching certificates. The state has 8,000 teachers.

FSA Loans Available

Farm security administration loans are again available at the Eugene FSA office and applications for them will now be received, Mrs. Genevieve Nettleton, supervisor, announced Wednesday.

A committee of county farmers passes upon the eligibility of all applicants, Mrs. Nettleton advised. Loans are made for periods of from three to five years and carry five per cent interest.

Both standard loans for operating goods such as livestock and machinery, and special loans such as water facilities for construction of irrigation or family water supply systems are offered eligible county farmers.

Prisoner Of War Mail

Prisoner-of-war mail cannot be mailed as ordinary mail, Eugene Postmaster F. L. Armitage Wednesday admonished Eugene citizens who have been dropping such mail into regular mail boxes.

"Mail to prisoners of war cannot carry postmarks," Armitage explained, "and any mail dropped into regular mail boxes is routinely canceled by machine. As a result these P. O. W. letters must be taken out and sent back to the mailers."

All mail to prisoners of war therefore must be handed to the mail clerk at the post office, or placed in an additional envelope which is to be marked simply "Postmaster."

Two other American fighter pilots, Maj. Robert S. Johnson of Lawton, Okla., and Maj. Richard I. Bong of Poplar, Wis., have shot down 27 enemy planes apiece. Gabreski's 28th plane was a Messerschmitt-109.
