Four Autos Stolen; Owner Loses Race

A wave of automobile thefts, in which one Eugene man vainly pursued a thief in his own car as far as Junction City before being outdistanced in a pre-dawn race, cost four local car owners possession of their vehicles early today, one car being later recovered.

Ernest Seaberg, 891 Eighth Avenue west, heard his car being started about 4:45 a. m., arrived outside in time to see the car leaving. He gave chase in another car and took the dust of his own car as far north as Junction City, where he lost sight of his property.

George Lamb, 812 Fourteenth Avenue east, told officers that his sedan was stolen between 10 p. m. and 6 a. m.

Victor Zahn, 522 Eleventh Avenue east, said that his sedan was stolen from in front of his home between 10:30 p. m. and 7:30 a. m. All four stolen vehicles contained five gallons or more of gasoline each, the police record said.

Stolen from in front of 792 Jefferson street, but later recovered, was the sedan of Lyle Tomlinson, who lives at that address. The rear window-glass was broken, and a 100-foot steel tape was taken.

Used Car Dealers Meeting Is Called

Dealers in used cars will learn details of the revised MPR which covers their sales at a meeting to be held Friday at 7:30 p. m. at the war price and rationing board office, 29 Eleventh Avenue west.

Since all used cars now come under specific ceilings, it is important that dealers learn the "straight facts" on their sales so that they may comply with them, OPA emphasizes.

Interest Reductions To Benefit Local Farmers, Land Bank Announces

SPOKANE, Wash., July 21—(U.P.)—An estimated 13,000 farmers in Washington, Oregon, Idaho and Montana will benefit by a reduction in the interest rate on land bank commissioner loans which became effective this month, R. E. Brown, president of the Federal Land Bank of Spokane, said today.

Brown pointed out that the rate has been scheduled to become five per cent July 1, but that congress cut the rate on land bank commissioner loans to four per cent for the year ending June 30, 1945.

"The land banks voluntarily set the rate on their regular loans made through national farm loan associations at four per cent," Brown said. "This is an increase of one-half of one per cent over the previous rate subsidized through congressional appropriation until the recent action by congress, but it means a reduction for borrowers in the four north-west states, because the older land bank mortgages still outstanding called for various higher rates, even up to 6 per cent. These have now been leveled to four per cent."

Electrical Shocks Bring Relief From Hiccups

LOS ANGELES, July 21—(U.P.)—Electric shock treatments today temporarily halted the 12-day hiccupping siege of Lawrence Schone, 31-year-old machinist, who started having spasms because he couldn't find a house to live in.

Dr. Lloyd Tainter said two electric pads placed against Schone's forehead temporarily "stunned him out of the hiccups." When he regained consciousness he ate his first full meal since the attacks started and then fell asleep.

Earlier attempts to cure the hiccups by hypnotism produced only brief relief.

In saving tin cans, wash well, cut both ends from the cans, and then step on them to press and to save packing space for salvage.

Eugene Second City In State Building

Eugene led all Oregon cities outside of Portland in new-building construction during both May and June, according to a report on northwest building prepared by the statistical department of Equitable Savings and Loan association, Portland.

Estimated cost of new buildings started in Eugene came to \$51,433 in June, \$87,835 in May. During these same months, Portland's totals were \$473,815 and \$811,250, respectively. Albany was third in the state with \$44,275 and \$55,700.

Dr. Chapman Now Lieutenant Colonel

Dr. W. H. (Hal) Chapman, Eugene physician, who has been with the American army in the southwest Pacific for more than two years, has been promoted to the rank of lieutenant colonel, according to word reaching his family here.

Col. Chapman has been in action in the south Pacific somewhere for some time. He went out from Eugene with the national guard four years ago this summer, and arrived in Australia two years ago the past spring with the 41st division. Mrs. Chapman and their two sons have remained in Eugene.

Teen-age Dance

The weekly teen-age dance, sponsored by the city recreation commission, will be held again this Saturday night at Woodrow Wilson junior high school, instead of at Roosevelt as earlier scheduled.

Open to all young people of junior high and high school age, the informal dance will be held from 8:30 to 11:30. The student committee hopes that the crowd will be as large as that for last week, when 205 attended. A small admission price is charged to pay expenses.
