

Emergency Board Disburses \$55,753

SALEM, July 29.—A total of \$55,753.38 was disbursed by the Oregon legislature's emergency board late yesterday, which met at the request of Gov. Earl Snel to make up a deficiency of \$7,000 for the state fish commission.

Before they were through, however, the board had not only granted funds for the fish commission but for six other agencies, groups or projects.

Largest amount was \$20,000 for the fish commission, to tide them over until the legislature meets next January. The case for their commission was presented by its chairman, John C. Veatch, who stated that the present pondage fees, which normally support the group, were insufficient this year, and State Sen. Merle R. Chestman, Astoria, chairman of the senate interim committee on fisheries. A total of \$25,000 had been requested.

"Irreparable damage" would result to the fish industry from closing the state's hatcheries for even one year, Veatch said. It was indicated that the commission will ask the legislature to consider the changing of the financial basis of the commission, at its 1945 session.

A grant of \$7,888.38 for the post-war readjustment and development commission was approved by the board, to permit them to continue their activities and to hire an engineer if so deemed necessary. The sum is in addition to \$10,000 appropriated for the group by the last legislature.

The group voted to grant a \$15 pay raise to the capitol building and grounds employees. The sum will be \$7,500, a reduction of the \$10,010 asked.

Other funds granted included \$15,000 for the construction of a steam pipeline from Fairview home to Hillcrest Girls' school for heating and hot water purposes; \$1,500 for salaries and \$2,500 for general operation and maintenance costs of the state department of public instruction, a reduction of more than \$8,000 from the sum requested; \$700 for the state textbook commission, and \$185 for the state apprenticeship council.

The group voted \$500 for its own expenses.

Sen. Dean Walker, Independence, was named chairman, and Rep. Harvey Wells, Portland, was elected secretary of the board.

MONROE — R. J. Nichols, 89, well-known farmer of Benton county, died Saturday in Corvallis, following a long illness. He had been a lifelong resident of Oregon, born Dec. 4, 1854, on his father's donation land claim. He was the son of Henry B. and Martha Overman Nichols, Oregon pioneers. He had been educated in Monroe schools, and was a graduate of Willamette University in 1877.

He was married to Sylvia J. Loomis in 1881, and they reared two daughters, Mrs. Grace McBride, deceased, and Miss Madeleine Nichols of Monroe, who made her home with her father. In addition to his daughter, he is survived by one grand-daughter, Mrs. James C. Rummel of Shedd, and son-in-law, W. H. McBride.

Mr. Nichols, who taught school for a number of years, and was from 1902 until 1908 librarian at Oregon State college, also served two terms as state representative from Benton county. His later years were spent on his farm.

Funeral services will be held at the Keeney mortuary in Corvallis, Tuesday at 10 a. m., Rev. Wilbur Simmons officiating. Interment will be in the family plot at the Pugh cemetery south of Shedd.

Black Market Hit For Travel, Accidents

CHICAGO, July 29.—(AP)—Black market gasoline helped to pile up a traffic death toll of 10,870 for the first six months of 1944, an increase of 10 per cent—or almost 1,000 lives—greater than the toll for the same period last year, the National Safety council said today.

Donald S. Berry, director of the council's traffic and transportation division, said "the continued increase in travel and accidents is the more perplexing in view of the fact that the nation's auto supply is dwindling at the rate of 7,000 cars a day.

"The conclusion is inescapable that part of the increased traffic accident toll, as well as the increased travel, is due directly to use of black market gas."

If the six month trend continues throughout the rest of the year, the 1944 death toll will be about 25,700—as against 23,400 last year, Berry said. Traffic mileage was up six per cent in the first five months of this year over the same period last year.

The council pointed out that although the wartime traffic toll is large, the six-month toll is 36 per cent below the death total for the same period in the pre-war year of 1941, and represents a saving of more than 8,000 lives for that period.

OPA Sets Ceiling Prices On Eggs

WASHINGTON, July 29.—(AP)—New ceilings for wholesale grade eggs effective from August 1 through September 30 were announced today by the office of price administration. The prices conform to the ceilings set for consumer grades in the same period of last year.

The action was taken pending a complete revision of the shell egg regulation, issuance of which has been delayed.

Ceilings in cents-per-dozen for dealers who first receive the eggs from producers were listed as follows for the base points of New York, Seattle, Los Angeles, New York, Phoenix and Tucson: Extra Standard Standards

| | | | |
|--------------|-------|-------|-------|
| Week | 1 & 2 | 3 & 4 | 5 & 6 |
| July 31 | 44.9 | 39.5 | 37.5 |
| August 1 | 45.5 | 40.5 | 38.5 |
| August 14 | 46.5 | 41.0 | 39.0 |
| August 31 | 46.5 | 41.0 | 39.0 |
| September 1 | 47.0 | 41.0 | 39.0 |
| September 8 | 47.5 | 42.0 | 40.0 |
| September 11 | 48.0 | 42.0 | 40.0 |
| September 18 | 48.5 | 42.0 | 40.0 |
| September 25 | 49.0 | 42.0 | 40.0 |

Two new features were written into the amendment. One provides that wholesale grades of "specials" must be inspected by the department of agriculture before price permitted over "extras."

The other feature is the inclusion of "light dirty" eggs at a consumer grade price in areas where such eggs have been customarily sold to civilians. The price was fixed at one cent less than the equivalent price for large or medium grade A eggs. However, sales of "light dirties" are permitted only if sold in sealed cartons bearing the agricultural department certificate showing the eggs to be of consumer grade A or better; and only if the regional OPA administrator finds that their sale was customary in the past and specifically authorizes their sale.

OPA Sets Ceiling Prices On Eggs

WASHINGTON, July 29.—(AP)—The office of price administration today announced an increase of approximately five percent in the retail ceiling prices for dry edible beans, effective Aug. 3.

The boost covers a concurrent increase at prior sales levels to allow for a parity increase since the ceilings were established, OPA explained.

To meet the parity hike, the war food administration recommended an increase of 40 cents a hundred pounds in bean prices. Of this total, 25 cents a hundred pounds has been added to former FOB prices, and 15 cents a hundred pounds was fixed as a margin for the first handler or dealer.

OPA said that dealers in Michigan had agreed to a margin of 10 cents.

New FOB ceilings per hundred pounds for three best known types of beans:

U. S. No. 1 pea beans, \$6.05 for processors and \$6.20 for dealers; U. S. No. 1 pinto beans, \$6.15 for processors and \$6.30 for dealers; choice hand-picked red kidney beans, \$6.65 for processors and \$6.80 for dealers.

Bean Ceilings Upped By OPA Directive

WASHINGTON, July 29.—(AP)—The office of price administration today announced an increase of approximately five percent in the retail ceiling prices for dry edible beans, effective Aug. 3.

The boost covers a concurrent increase at prior sales levels to allow for a parity increase since the ceilings were established, OPA explained.

To meet the parity hike, the war food administration recommended an increase of 40 cents a hundred pounds in bean prices. Of this total, 25 cents a hundred pounds has been added to former FOB prices, and 15 cents a hundred pounds was fixed as a margin for the first handler or dealer.

OPA said that dealers in Michigan had agreed to a margin of 10 cents.

New FOB ceilings per hundred pounds for three best known types of beans:

U. S. No. 1 pea beans, \$6.05 for processors and \$6.20 for dealers; U. S. No. 1 pinto beans, \$6.15 for processors and \$6.30 for dealers; choice hand-picked red kidney beans, \$6.65 for processors and \$6.80 for dealers.

The revised regulation also provides maximum prices for three principal types of handlers of dry beans and peas—processors, dealers and "destination distributors." The two latter groups in California, Michigan and New York City are given special consideration "because of a difference of handling these products" in the sections, OPA said.

Slight increases are authorized, too, in allowances for assorting, loading or unloading in transit.

Other changes permit dealers to charge their markup when making these sales of "supported items"; sales to other dealers, sales to persons described in war food order 45 of goods that have been set aside under that order, and sales to those same persons on specific orders, whether the goods have been set aside or not.

OPA said that previously when a dealer had paid the full support price for beans, "he had no margin of profit as he could not resell above the support price."

Thailand Cabinet Resigns, Tokyo Says

NEW YORK, July 29.—(AP)—The puppet cabinet of Thailand, headed by Premier Luang Bipul Songram, has resigned en bloc, the Tokyo radio said today, following the national assembly's rejection of two measures apparently dealing with the construction of the new Thai capital at Pachabun, 190 miles north of Bangkok.

The broadcast, reported by the federal communications commission, said one of the measures had to do with the creation of a special administrative district at Pachabun and the other with "construction of a Buddha city."

The latter measure was not explained.

Forgetful Employee Misplaces Money

CHARLOTTE, N. C., July 29.—(AP)—Late at night at the intersection of Charlotte's two main streets, Patrolman W. T. Bryant picked up a bag, perched on top of a mail box. It was very heavy and felt like a bag full of money. It was.

An employee of a local firm on the way to a night depository, had stopped at the mail box to mail some letters and had forgotten the bag, containing \$10,992.

Market Reports

By HORACE BURNETT, Market Editor

Gravenstein apples are beginning to appear in the local markets and these apples are able to buy this variety as well as the Yellow Transparent at a reasonable price. They are selling at the markets at two pounds for 25 cents. No apples are better for pies than Gravenstein.

Deer peaches are plentiful these days and youngberries, raspberries and loganberries are still in the markets. The wholesale offering of local field grown cucumbers Saturday and corn on the ear appeared to be plentiful. String beans, celery, carrots, peas and onions were on hand in large quantities and local rhubarb, which has been in the market for a long time, was a modest advance in price. The fall Zucchini squash is coming in and there appeared to be a good demand for this table delicacy.

NEW YORK
Stocks generally groped their way through today's short market session and, while scattered favorites managed to pin on modest advances, many leaders were unable to climb out of the losing rut.

Occasional resistance was shown by U. S. Steel, Bethlehem, N. Y. Central, Sperry, Allied Chemical, Eastman Kodak and Public Service of N. J. On the outside most of the time were General Motors, Chrysler, Santa Fe.
