Recapture "that Younger Look"

At last, comes the astonishing news every woman has hoped for! Science has now found the active, "vitalizing" substance that gives the "bloom" to pretty young skin! As this substance decreases, skins often begin to look dry and older. But now the Endocrine laboratories have found a counterpart of nature's secret... that replaces the substance so needed by your skin. It is called ACTIVOL... and brought to you only in ENDOCRINE. Results of its use are often remarkable. Skins look firmer, fresher... frequently take on a look of young "bloom." There's nothing else like it! Only 11¢ a day... for this priceless ingredient. You won't be content till you've tried ENDOCRINE!
