Success of the waves program has brought high praise from the country's naval leaders, because these alert young women are handling hundreds of jobs in the vast naval organization formerly the exclusive work of men.

Oregon has contributed substantial numbers of waves to the national totals so that there are few big naval activities in the nation where Oregon girls are not on duty.

Oregon has been among the leaders both in the numbers of waves volunteering from this area and in the number of waves who have received higher ratings because of greater ability, skill or efficiency.

O'Daniel Refuses Race Against FDR

WASHINGTON—(AP)— Senator O'Daniel (D-Tex) has turned down an invitation by the American democratic national committee to become its anti-Roosevelt candidate for president.

He said he wanted to remain "free to continue (my) crusade for a thorough housecleaning in Washington" and for a constitutional amendment to limit presidential and congressional terms to six years.

O'Daniel made known his decision in a letter to Gleason L. Archer, chairman of the anti-new deal democratic group which earlier this week had asked him to run.

Waste Paper Depot In Cottage Grove

COTTAGE GROVE, Aug. 17 — This city became the fourth in Lane county to establish a collection depot for waste paper today, as, under the auspices of the Cottage Grove Sentinel and the summer recreation committee, a station was opened in the Cottage Grove hotel.

This latest step in putting the county farther up the list in scrap paper collections came after the Lane county salvage committee had received numerous requests from residents of the community for some place to send their paper. Through cooperation of The Sentinel, the office has been set up. Profits will go to the recreation group, to furnish funds for its summer park program.

Other collection depots are located at the Lane county fairground in Eugene, the Springfield Exchange building in Springfield, and opposite the Florence hotel in that coastal town for western residents.
