

### 41,000 Servicemen Seek Oregon Ballots

SALEM, Ore., Sept. 21.—(AP)—More than 41,000 applications for servicemen's absentee ballots have been received by the elections division of the secretary of state's office here, and election officials still predict that more than 50,000 will be received.

About a third of the applications are from overseas. Ballots will be mailed out starting the 44th day before election. County clerks have been notified that the Sept. 20 assembly of the prohibition party will probably qualify it for a place on the

ballot. The state ballot, already in type in many counties, will be revised to comply with the secretary of state's final certification. Tentative certification has been made of the ballot as it now stands, but it will be changed as necessary.

Aid has been given through the National War Fund to 20,000 Chinese families in famine-stricken Honan province.
