

October's Advent
Finds Calendar
Of Fall Crowded

By MARIAN LOWRY
October—how quickly it came; and right with it one of the busiest fall seasons in years—schools all begun in full swing, the women's club calendar more crowded than ever, notices out already from the dancing clubs for a gay autumn and winter, and many weddings generously dotting the fall calendar. In addition, many women, individually and in groups, are carrying their share in putting over the Lane county community and national war fund drives, and a bit later the sixth war loan campaign, as well as a very busy schedule at the Red Cross.

To those who took vacations late—and the writer was one—the impact of all this activity at once is a bit staggering. Somehow, all seem to see it through, and so it's really down to work.
