Suspect Bound Over In Assault Case

John E. Santarno was ordered bound over to the grand jury by Justice of the Peace Howard Brownell after a hearing Wednesday afternoon, on a charge of assaulting Oscar Bruce of Mohawk with a bottle. The assault is alleged to have taken place last Friday night on Main street in Springfield.

At the hearing two witnesses testified that Santarno threw a beer bottle at Bruce, while he was lying on the pavement, striking him on the head and causing severe injury. Maintenance Workers Vote To End Strike

DETROIT, Oct. 5. — (AP) — Approximately 8,000 maintenance workers whose strike action yesterday tied up or impaired war production in 33 Detroit area plants voted today to return to work on afternoon shifts. United Automobile Workers (CIO) spokesmen said.

The action was announced after a meeting of officials of the executive board of the UAW-CIO and representatives of local unions making up the Maintenance, Construction and Powerhouse council, (UAW-CIO).

The strike, which had begun to spread again this morning, had made more than 50,000 workers idle through plant closings and assembly line interruptions.

Most seriously impaired by the strike was the production of aircraft sub-assemblies, aviation engines, anti-aircraft guns, tank and truck parts and other war materiel.

The vote favoring or opposing a return to work was not announced.
