

Remember the Apple Days?

Remember those grim days during the Great Depression when men who couldn't find work stood on street corners selling apples?

Many of those apple peddlers had been prosperous... had had good jobs. They'd been making extra money... just as you are today. But the trouble was, they thought things would always be like that.

Are you making that mistake today? Or are you saving your extra money so that no matter what happens after the war you will have some money you can get your hands on?

The best way to make sure that you will never be a street corner peddler is to put your extra money into War Bonds.

War Bonds are the best investment in the world. Every \$3 you put into them today will pay you back \$4 ten years from now. And... best of all... you can never be broke while you've got a sheaf of War Bonds in your pocket!

So buy War Bonds... and more War Bonds. And hang on to them!
