

Army Planning Service Schools in Europe

PARIS. (AP)—The U. S. army is going to open service high schools and universities in France and England when the war in Europe ends so that soldiers may resume their education as soon as possible. It was announced here.

Seventy-five thousand teachers will be rounded up from the army. Arrangements are being made with schools and colleges in the United States to honor army school credits.

Courses are being arranged in conjunction with the University of Paris, and thousands on completion of army studies will be eligible to attend the Sorbonne.

DISCORD

SEATTLE. (AP)—Two years of married life ended for Mr. and Mrs. Roscoe I. Miller in divorce court after Miller had testified that his wife had purchased a saxophone.

He told the court: "The sax notes she blew drove me from the house."

Your Realtors

know that disputes are bound to come up occasionally between various Realtors and in the Lane County Real Estate Board, Realtors are made to have these disputes settled in a fair and proper manner thru our Grievance committee. Each party to a dispute presents his or her side of the case and the committee then decides how the dispute will be adjusted. While this committee has no real authority its recommendations are usually followed and the whole matter is cleaned up. In most cases it is simply a misunderstanding anyway, and when all facts are presented Realtors are so fair minded and another that their disputes are very easy to adjust. There are over 50 Realtors in Lane County and the spirit of co-operation is usually followed and the whole matter is cleaned up. In most cases it is simply a misunderstanding anyway, and when all facts are presented Realtors are so fair minded and another that their disputes are very easy to adjust.

Real Estate Wanted

Do You Want To Sell?
LAST MONTH we sold more real estate than during any single month since we returned to this city of our birth. (Yes, we were born here; quite early in life, downstairs in the front room.) Our need at present is for small improved acreage, small farms, and city homes that are priced in reason. The market is steady but buyers are not excited; they are taking their time. We can sell your property within a reasonable time if it meets market requirements.

We Sell the Earth
