Location & Production

Seldom is there a property available in the Thurston area. We invite your inspecting this one.

Thirty-two acres of the finest of river bottom land; 29 acres in production, all under irrigation, with wells, pump, power plant, pipe and sprinklers in place. There is a complete set of buildings.

This land is adapted particularly to the production of filberts, peaches, bulbs or vegetable crops.

The owners net profit on 11½ acres in beans and corn this year was $4000.

If you can qualify with the Fruit Growers', a large bean and corn contract goes with this property. Total price $17,000.

Now That We Know

WHO IS going to tell us what to do for the next four years let's get down to business. During the past year we have sold lots of property—we work at it. We have a sneaking idea we will sell a lot more next year—for the same reason. If you have something in real estate that you want to get rid of let us look it over: city, suburban, farm or income, we are equipped to handle it satisfactorily.
