

# HANG ON!

## America Won't Let You Down

Blasted out of the sky in the battle for the Philippines, he waits in shark-infested waters—alone. Surely they'll send out rescue planes—surely they'll find him! Boy, what he wouldn't give for another crack at those Japs! For the chance to finish the fight.

He knows the war isn't over yet—not by a long shot. But do the folks back home know that, he wonders? Are they still working hard for victory—still buying bonds, and hanging onto the bonds they buy? Hang-

ing on for dear life, as he is now?

Ask yourself these questions before you tell him not to worry—that of course America won't let him down. Ask them again when you start to cash in a War Bond you don't absolutely need to redeem—when more and more equipment is needed to finish the fight. Ships, tanks, planes—lots of planes. Like B-29's, costing \$600,000 in War Bonds each. Or like rescue planes.

Your  
WAR BOND  
is the best  
investment  
in the world  
—keep it

### YOUR SHARE . . . in Victory and Peace

Your War Bonds are evidence of your determination to back our fighting men for an early victory.

They also represent your financial security and your postwar prosperity.

Don't cash a bond except in an emergency. Before you cash it, ask yourself: Is the emergency so great that I must reduce my support and withdraw these dollars from the battle to win the war—and the peace?

You gain and your country gains when your bonds are not cashed until maturity.

Henry Morgenthau Jr.  
SECRETARY OF THE TREASURY
