Red Cross Motor Corps Needs Recruits

The motor corps of the Lane county chapter, American Red Cross, needs new members, reports Mrs. R. T. Watts, head of this volunteer division in the Red Cross here.

All women interested are asked to contact the Red Cross office at 63. At least six to 12 women are needed now to fill out the ranks of the corps.

Elementary and advance standard first-aid courses are necessary, but those women who have not had them may join the corps and take the first-aid work to start with, Mrs. Watts reports. It is most helpful, too, in addition to knowing driving and first-aid work, to know something about the workings of the car in case of emergencies.
