BRED-UP
Chicks That Give
You Extra Profit

Poultrymen all agree that breeding counts in
chicks... that it's breeding that produces chicks
at live and lay. And it's breeding, too, that
gives chickens the ability to lay those extra
eggs that mean the difference between profit
and loss. And breeding is the reason why thou-
sands of poultrymen choose Wards bred-up
chicks. Quality chicks. Yes, it pays in extra profits
to buy your chicks at Wards!
