

An Important Request From The President of the United States!

President Truman has asked the people of this Nation to express their views on important legislation to their Senators and Representatives in Congress.

There are many returned Service Men in Lane County today looking...and waiting for jobs. If there were new automobiles and ample automobile parts, many could obtain work at once.

Please Note These Facts

★ One out of every seven people gainfully employed in these United States makes his living directly from the automotive industry.

★ The automotive industry of the nation can and will more than double the number of people in its employ as soon as new cars and trucks roll off the assembly line in volume.

Democracy Is "For the People and By the People" Free Enterprise IS Democracy!

You owe it to yourself, our RETURNING SERVICE MEN AND WOMEN, your community and your country to write or wire your Senator or Representative, giving them your views. The issues at stake are general and AFFECT all types of business.

★ Do you want new cars and parts?

★ Do you want more jobs NOW?

★ Do you want any more delay IN PEACE-TIME RECONVERSION?

★ Do you want the wheels of industry to turn?

★ Do you acquiesce by your silence or do you want these strikes settled now?

Action Today Will Stop Delay!
