

Who Needs Baseball Umpire?

Seekers Cover Wide Field

There's someone in Eugene who needs a baseball umpire. Or a woman to repair a wide variety of trades, and professions represented in the United States service office here. The service office has just been completed, and according to Manager F. Mattson, the list not only covers the range of jobs that can be handled, but also the food for thought on the happening in Lane county through the reconversion.

Analysis of the list shows that the majority of skilled applicants are civilians. The conclusions that can be drawn from this situation, points out, is that many civilians already had jobs when the war ended. Men who had skills when they went to war are now back for employment again.

Fact disclosed is that 40 per cent of the veterans are for training or further education. This, he said, indicates a tendency toward a higher level of education, for the GI bill makes it possible for them to get advanced education which might not have enjoyed before.

Below represents persons who applied for jobs within 30 days and, as far as the list shows, have not been employed. The list follows:

1 editor, 1 publisher, 1 public man, 6 civil engineers, 2 principals, 1 forester, 2 hospital orderlies, 1 draftsman, 1 airplane pilot, 1 tool designer, 1 dental sign painter, 2 X-ray men, 2 photographers, 2 science and physical education, 1 baseball umpire, 6 radio men, 1 cruiser, 1 timber, 2 fire men, 2 office managers, 1 watchmaker, 1 wholesaler, 1 demonstrator, 1 insurance.
