Farm Produce, Poultry 720

POULTRY MEN: 20 yrs. exp. prompts us to suggest that established poultry growers should produce their normal crop of pullets. We predict strong egg and fryer market in the immediate future in that the 1946-47 season will be one of the most profitable. The present feed supply muddle will soon be ironed out and competent authorities predict plenty of feed in the near future. The more handicaps to the grower at the chick season, the higher the profit in the laying year to follow. Buy good chicks from good breeders. Then you'll make real profits this year. GENT'S LEGHORNS AND NEW HAMPSHIRES come from Oregon's finest breeding farm and are the results of 20 years breeding for high production, large eggs, and healthy stock. Visitors welcome to see our flocks and modern hatchery. (Hatches twice weekly). Free catalogue, brooding bulletin and other inf.
P. A. GENT'S FARM & HATCHERY
Ph. 1-F-13 Rt. 1, Eugene

BABY CHIX
WHITE LEGHORNS: Hatched from two and three-year hens that lay large chalk white eggs, mated to beautiful big males of 300-egg. U.S.R.O.P. pedigree.
NEW HAMPSHIRE: Oregon's leading strain of egg producers, years of trapnesting and R.O.P. males have given us these outstanding birds Very little broodiness.
AUSTRA-WHITE—Sired by males from Osbornes U.S.R.O.P. stock, these are exceptionally nice birds with a very high livability, and wonderful egg producers.
