

Police Asking A Big Budget

(CONTINUED ON PAGE 2)

be in the detective division and this is essential if we are to combat a prospective increase in crime predicted by all law enforcement agencies. One man is needed to assist in the enforcement of our additional parking meters and one man is needed to man the additional motorcycle for the enforcement of parking restrictions outside the meter zone." Pittenger said that in 1944 the National Safety Council made a report to the Eugene Chamber of Commerce, based on the 1940 census, which recommended a department of 27 employees. That is where the department stands today, he said. He pointed out, however, that there has been a big increase in population since 1940.

Three Reasons Given
"I fully realize that the increase in the over-all budget over the previous years is staggering in the amount requested," Pittenger's letter said. "This is entirely due to three things:

"1. A decent living wage for our employees commensurate with the duties they perform and the risk they take in their daily duties for the protection, peace of mind and general welfare of the entire community."
"2. The addition of personnel needed to properly perform the task rightfully belonging to the police department."

"3. The item of \$6000 for a two-way radio communication system which is absolutely essential to the proper performance of the duties of this department, and without which we can no longer do our job efficiently."

"I am fully aware that the proposed budget will pose a serious question to the city manager, the budget committee, and the city council in view of the 6 per cent limitation; and while I have no desire to take from or in any way curtail the operation of any other department of this city, I feel that my request is justifiable and necessary."

The letter also states that in the past nine months municipal court fines have totaled \$21,013.10 and that parking meter revenues have been \$20,720.87, making a total of \$41,733.97.

"If our present fiscal budget was prorated for a period of nine months it would show that the cost from the tax monies for the operation of this department has been nearly \$10,000 for the nine months period. This means that the per capita cost has been \$3.30 for this nine months."

"It must be noted that during this same nine months period we have recovered stolen property for the citizens of Eugene in the amount of \$119,998. . . . In the face of these figures I do not believe that my request . . . for the next fiscal year is excessive."

"I do not believe that an attempt to operate in the coming year in an efficient manner with the prospect of being faced with an increase in crime and traffic problems as predicted by the National Safety Council, the FBI and, in fact, all police agencies, will stand for any cut in the proposed budget."

DEATH PROBE ORDERED
SEATTLE, April 6—(AP)—Coroner John P. Brill, Jr., tonight ordered an immediate investigation of the city jail following the smallpox death of James Carroll, 63, this morning in King County Hospital.

LDS HEAD ELECTED
INDEPENDENCE, Mo., April 6—(AP)—Israel A. Smith, son of Joseph Smith III, today was elected president of the Reorganized Church of Jesus Christ of Latter Day Saints.

Milk is now being used in the making of plastics, textiles, pharmaceuticals, penicillin and explosives.

Clippers Will Wing To Honolulu Monday

SAN FRANCISCO, April 6—(AP)—Daily clipper flights from San Francisco and Los Angeles to Honolulu will be inaugurated Monday with 43-passenger Constellation, Harold M. Bixby, administrative vice president of Pan American World Airways, announced today.

The fare will be \$195, Bixby said, a 30 per cent reduction from postwar fares being made possible by replacement of sea planes with land planes. A second daily flight will be added within several weeks, he said.

U. S. Attacks Peace Blocks

WASHINGTON, April 6—(AP)—In an effort to break a deadlock blocking peace pacts in five European countries, the United States was reported today to dump the future of Italy's prewar colonies into the lap of the United Nations.

This disclosure came from responsible diplomatic officials on the heels of a London announcement that Britain will back Secretary of State Byrnes' surprise appeal for a spade-work meeting of the council of foreign ministers in Paris April 25.

There were indications, too, that France would endorse the proposal for the meeting—one openly acknowledged by Byrnes as designed to cut through the stalemate surrounding a final wartime accounting for Italy, Finland, Hungary, Romania and Bulgaria.

Russia thus far has remained silent on the plan. Previously, the Soviet Union had urged postponement of a 21 member nation conference on treaties for the five countries on the ground that insufficient progress has been made by the four western powers toward agreement on the issues involved.

Truman Urges Strong U. S.

CHICAGO, April 6—(AP)—President Truman today called upon the nation to keep itself militarily strong in order to preserve the peace and protect the weak from "coercion or penetration."

Climaxing the nation's greatest Army Day celebration, witnessed by an estimated 1,000,000 persons, the President spoke at Soldier Field with General of the Army Dwight D. Eisenhower, chief of staff, and Secretary of War Robert P. Patterson beside him.

Proclaiming a new "universal" foreign policy, he declared that the United States will insist upon its right to project itself in any situation where outside rivalries might endanger the peace and security of any nation.

TO RELIEVE HUNGER—The latest food collection of the Girl Scouts, the Girl Reserves, and the Hi-Y, consisting of 7200 pounds of canned food, starts moving to Europe's famine areas Friday, as Bill Anawalt, Hi-Y, carries the boxes of canned goods, while Girl Reserve Natalie Beckett (center) and Girl Scout Sharon Wilson paste on tags. Boy on Bicycle Struck by Car

Six-year-old James Shay, 2028 Kincaid St., was slightly injured Saturday morning when he was knocked off his bicycle at 22nd Ave. E., and Alder St. by a car driven by Dan H. Sellard of Eugene, police reported Saturday. The boy was taken to Sacred Heart Hospital but was released shortly. Witnesses told police that James rode directly in front of Sellard's car.

Other minor accidents included a collision of cars driven by Alden H. Boyd, 1064 A St., Springfield and Joe Wilford, 925 Cheshire Ave., at Twelfth Ave., W., and Washington St. C. C. Pittman, Rt. 1, Eugene, reported that his car was parked on Willamette St. when struck by a car driven by Robert C. Bennett, 966 Jackson St.

Fred West, 539 Eleventh Ave. E., reported that his car, parked near that address, was hit by a car driven by David R. Dunsmoor, 1991 Eight Ave., W., Eugene. Damage was slight.

Rise in Milk Prices Is Confirmed by OPA

Confirmation of a rise in milk prices reported in press releases has been received from the Portland office of the OPA, local price administration officials announced Saturday.

A telegram from the Portland office authorized a rise of 6 cents a pound for milk going into bottles and cans with sales of single quarts going to the nearest full cent and with multiple sales and charge accounts being figured exactly and then being rounded to the nearest full cent.

Prices on all types of milk, including sweet milk, butter milk and chocolate milk have been raised one half cent a quart, one quarter cent a pint and one eighth cent a half pint, the telegram stated.

Cream prices remain unchanged.

Leader in Medford Fruit Industry Dies

above the existing sovereign nations.

The resolutions passed today at the close of the two-day congress will be sent back to the campuses for vote and submission to congress and the United Nations. Two persons will be chosen from today's delegates to attend the next United Nations conference.

The students voted to have an interim committee nominated later to carry on the work planned here today, and to encourage students in other regions of the United States and other nations to establish similar movements.

The Congress, first of its kind in the nation, passed a series of resolutions designed to implement the power of the United Nations and work toward an eventual world government.

What They Recommend
The recommendations include: The United Nations be transformed gradually—on a definite time schedule—into a world federation.

The United Nations have legislative power to make international laws binding upon all nations.

No nation be permitted—they didn't suggest how it could be prevented—to withdraw from the United Nations.

The United Nations compose an international bill of rights.

The United States accept compulsory jurisdiction of the International Court of Justice.

The secret of atomic weapons be released to the United Nations once a UN organ is given power to control it in accordance with the state department's report on atomic energy control.

The United States approve loans to Britain and other countries, place atomic energy production under a civilian commission, and continue reciprocal trade programs and tariff reductions.

That the United Nations be given control over social and economic bodies designed to improve world welfare.

Garry Miller, delegate from the University of British Columbia, presided over the meeting where the final plans were drawn. The students spent two days in conferences preparing their "blueprint for peace."

known throughout the coast fruit industry, was reported today after he succumbed to a heart attack last night in a hospital.

Active in the fruit business here since 1910, he was manager of the winter pear control committee.

The widow and a daughter, Mrs. E. C. Westergren, Portland, survive.
