

Vetch Harvest Begins In Lane

Threshing of Willamette Vetch in the Junction City area began Saturday, according to County Agent O. S. Fletcher, and field tagging was begun by R. F. Thom, Rt. 2, Junction City.

Thom's appointment as field inspector for the county agent's office was announced Saturday. Thom will inspect fields south to

but not including, Meadowview Road, Fletcher said. Appointment of field inspectors for other areas throughout the county will be announced later.

Fletcher and W. B. Parker, assistant county agent, distributed tags to other field inspectors Saturday.

More than 4000 acres on 110 Lane County farms were field inspected by the county agent's office earlier this year for seed certification, Fletcher said. After the seed is delivered, properly tagged, to the warehouse and the warehouseman reports that the seed has been re-cleaned and is ready for testing, Parker will take samples to send to the State Seed Laboratory, Fletcher said. The laboratory will approve the seed for certification if it passes purity and germination tests.

Orient Expert Will Be at UO

Appointment of Dr. Paul S. Dull of the University of Washington as assistant professor of political science at the University of Oregon effective next fall was announced Saturday. The appointment is subject to confirmation by the state board of higher education next week.

A specialist in international relations and Far Eastern studies, Dr. Dull has been acting as assistant professor of political science at the University of Washington since his release from war work last March.

He was discharged as a Captain in the Marine Corps in Oct., 1944 to take a position as chief of the Japanese Intelligence Section and assistant chief of the Japanese Language Division, Office of War Information, Psychological War-

fare Branch, and OIC of the State Department.

He entered the Marine Corps in June, 1941, as a Second Lieutenant, Japanese language officer. He was attending the University of Hawaii as a Japanese language student during the attack on Pearl Harbor. During part of his service he was in charge of a Japanese language school at Camp Elliott, Calif.

Dr. Dull received his baccalaureate degree in 1935 and his doctor's degree in 1940 from the University of Washington. He was doing post-doctorate work at Harvard University until he entered the Marine Corps. He was a teaching fellow for two years and head teaching fellow for one year while working for his doctor's degree. During this period he traveled in Japan, Korea and Manchuria.

CIO Certified As Bargainer

The National Labor Relations Board has certified the CIO International Woodworkers of America as bargaining agent for the production, maintenance and transportation workers at Giustina Brothers Lumber Company's Blue River sawmill.

The mill, purchased by Giustina's in December 1945, had been operating under a CIO contract. Workers at the mill requested a jurisdictional election, Max Gardner, financial secretary of Local 5-246, states, after an attempt was made to get the mill's employees into the AFL.

After the election, the mill was leased to the Hayward Lumber and Investment Co. and the crew was paid off July 3, Gardner reports. The new firm planned to start under an open shop, but the CIO charges, refused to recognize the union's bargaining rights.

According to an Associated Press dispatch Friday NLRB said a June 21 election brought 10 votes for the CIO, six for the AFL and two for no union. The vote was taken prior to leasing the mill.

An agent for the Hayward company stated Friday that his firm refused to reemploy one man on grounds other than his union affiliation. Other employees at the mill refused to work, the agent maintains.

The Blue River mill has been closed since July 3, the union charging a virtual lockout.

Armenio Giustina reported Friday no contract had been signed with any union prior to leasing the mill.

Marine Life Succumbs To Unknown Malady

FLORENCE—Thousands of dead crabs and several dead sea lions and seals have been washing up on beaches around Florence recently, it was reported Saturday.

The Florence report followed news from other coast cities of an unusual epidemic of death among marine life. Although the idea was discounted by authorities, some residents believe the atom bomb explosion on Bikini atoll may be responsible.

State Marine Group To Meet

The Marine Corps League, Department of Oregon, will hold its fourth annual convention in Eugene Saturday and Sunday, July 27 and 28, with meetings at the Osburn Hotel. The department held its first convention here in 1943.

Highlight of the meeting will be the Saturday evening banquet, with Maj. Gen. Claude A. Larkin, USMCR, Portland, speaking on "The Marine Corps in World War II." The banquet, for which additional entertainment is being planned, will be preceded by a cocktail hour starting at 6 p. m. and followed by a dance honoring out-of-town guests.

Guests of honor for the banquet will be Mayor Earl McNutt, City Manager Deane Seeger, Roy Woodruff, commander of the Eugene Commanders' Council, Clarence Urey, commander of the Eugene American Legion post; George Hedinger, local Veterans of Foreign Wars commander; Herbert Frye, local commander of the Disabled American Veterans; C. S. Watson, commander of the Eugene United Spanish-American War Veterans; Police Chief L. L. Pittenger, national vice-commandant, west, of the Marine Corps League; and Major E. P. DuPras, Jr., USMC, Portland, in charge of Marine Corps recruiting for Oregon.

The convention will open at 2 p. m. Saturday, with E. H. Keiser, commandant of the Harbert Detachment, Eugene, presiding. Myrl Garnett, chaplain for this detachment, will give the chaplain's prayer, and the meeting will feature reports by the following department officials: commandant, Charles I. Bozell, Cottage Grove; adjutant, H. W. Stuart, Eugene; chaplain, Henry Howard, Eugene; captain of the guard, C. O. Duschek, Portland; senior vice-president, Harold T. Franey, Klamath Falls; junior vice-commandant, E. M. Wheeler, Salem; and of the committee on committees.

Nomination, election and installation of officers will be the main business of Sunday's session, which opens at 9:30 a. m. Commandant Bozell will preside, and

various committees will report. The Oregon department of the Marine Corps League is one of 12 state detachments in the nation. It was incorporated by act of Congress in August, 1937, and under Oregon laws in 1944. Past commandants include Dalle Florence, E. J. Robb and Mike Hoder, all of Portland; and L. L. Pittenger, Eugene. In addition to the Eugene detachment, the state organization also includes the Albert Lincoln Harlow detachment, Portland; the Salem detachment; the Crater Lake detachment, Klamath Falls; Farthest West, Coos Bay; Bill Vesey, Oregon City; Tillamook; and the Minam, La Grande, which is

being installed this Sunday. In process of formation are detachments at McMinnville, Pendleton, Redmond (which will include Bend and Prineville), Roseburg and Medford.

The local committee for the convention consists of William Strong, chairman; Myrl Garnett and Mack Sherman. Eugene's detachment numbers about 45 members of the approximately 200 Marines who enlisted from Lane County. The Marine Corps League is the only all-Marine veterans organization of national scope, and was organized in 1923.
