

TY NEWS NOTES

Fellowship Dinner of Christian Church will be 6:30 p.m. in the church. A potluck dinner will be held at the City Manager's office.

Daughters of Woodmen of America will hold a picnic Sunday, July 28, at Swimmers' Delight. Coffee, cream and icecream will be furnished by the camp. All Modern Woodmen of the vicinity and their families are invited to attend, according to C. S. Faunce, secretary.

Raymond Ball, 29, was in jail following his arrest by county officers Friday night. He is being held on a charge of forgery.

The marriage of Edward Neff and Virginia Stambach, both of Eugene, took place Friday at the office of John Bryson, justice of the peace.

Mr. and Mrs. Will Whiteher, of Grafton, N. D., and Mr. and Mrs. Ed Whiteher of Minneapolis, Minn., were over-night guests at the Fred Getchell home on College Crest recently.

Pvt. Harold M. Willis, son of Mrs. L. A. Willis, Rt. 1, Springfield, completed anti-aircraft training at Fort Bliss, Texas, recently. He will be assigned to occupation troops. While in training he qualified as a sharpshooter with the rifle.

Pvt. Alvan W. Campbell, 1291 Fourth Ave. W., Eugene, recently completed basic training at the anti-aircraft replacement center at Fort Bliss, Texas, and will be assigned to occupation troops. During his training he qualified as sharpshooter.

Recently processed at the replacement command disposition depot near Manila for return to the United States were Lt. Randall S. Caswell and Lt. Victor H. Todd, Jr., both of Eugene.

The city traffic department reported three minor accidents on Friday. They included a collision at Sixth and Oak Sts. of cars driven by C. S. Carlson, Florence,

and Dwight Nichols, 577 Madison St., at Nineteenth and Hilyard Sts. of cars driven by Herbert V. Squires, 119 Ninth Ave. E., and Marian L. Burt, 1991 Columbia St.; and at Sixteenth and High Sts. of cars driven by C. C. Collins, 75 Twenty-sixth Ave. E., and Ora M. Carlson, 84 Twentieth Ave. W.

I SAW
USO signs around townpointing toward the U. S. O. headquarters, when the headquarters has been out of business for months.—G. E. F.

I SAW
A woman refuse to rent a good, newly decorated house at a reasonable rent, though she claimed that she did not have any house at all in Eugene. She measured the front room and decided that her rug would not fit properly.—W.N.

All former residents of South Dakota are invited to the annual South Dakota picnic which will be held Sunday, July 23 at Moore Park in Klamath Falls. Each family will bring a picnic lunch, and coffee will be furnished.

Noted Flier Said 'Slightly Improved'
BEVERLY HILLS, Cal.—(U.P.)—Multi-millionaire Howard Hughes, gravely injured July 7 in the crash of an experimental plane he designed, was reported Saturday to have improved slightly during the past 12 hours.

His physician, Dr. Verne Mason, said additional fluid would be removed from the 40-year old flyer's chest Saturday night. A seventh blood transfusion was scheduled for the same time.

Friday, July 19, 1946, to Mr. and Mrs. Everett E. Stevens, 380 15th Ave. E., a son.

HANSCOM—At the Rhoads Clinic and Hospital, Friday, July 12, 1946, to Mr. and Mrs. Harry Hanscom, Jefferson, a son.

Cowboys Rout CIO Pickets
REEDSPORT — (U.P.) — Labor got the runaround—literally—here Saturday from cowboys who tore banners from the hands of CIO union pickets protesting sale of 1200 pairs of nylon stockings at a rodeo.

With a yippee-I-O, top hands chased from the rodeo grounds members of the CIO International Woodworkers of America, who charged as an unfair practice the sale of nylons. From there, the state police took up the cause and banned the pickets from the highways. But the woodworkers said they would be back—with reinforcements.

The nylon sale was staged by the Coos Saddle Club and the Coos Bay-North Bend Rotary Club as a means of promoting candidacy of their entrant in the queen contest in connection with the regatta to be held here Aug. 9-11. Where the nylons came from was never explained.

The woodworkers and the CIO International Longshoremen and Warehousemen union have their own queen candidate and claimed the sale unfair to their candidate. Purchase of a pair of nylons—at \$1.35—meant one vote for the clubs' candidate.

THEY WALK WITH DEATH

WHEN THEY WALK ON PESTROY DDT LIQUID COATING

PESTROY DDT is absorbed through insect's feet—cripples nerves—causes sure death. Simplified sketch of enlarged foot on PESTROY coating.

Here's how PESTROY kills and keeps on killing insects! After application, PESTROY DDT film rises to top of coating, forms a crystalline film. DDT film kills insects that touch it... keeps on killing day after day, week after week. You see, PESTROY is compounded with a new type of synthetic resin. This resin binds PESTROY DDT to any surface, makes it keep it from brushing off or blowing away.

WHY PESTROY IS SO AMAZING:

1. It stays on — doesn't brush off or blow away. You apply it once and it lasts.
2. It's safe — eliminates irritating fumes and other dangers of spraying.
3. It kills and keeps on killing — one application has lethal effects for months.
4. It's economical — can be applied without waste to the spots where it does the most good... gives lasting protection against bugs.

PESTROY 6% DDT LIQUID COATING
INSECT KILLER FOR HOME USE

BRUSH ON SCREENS

PESTROY KILLS FLIES, MOSQUITOES, ants, roaches, crickets, moths, bedbugs, wasps, silverfish, gnats; beetles, fleas, lice, many other insect pests.

HERE'S HOW PESTROY KILLS, KEEPS KILLING

PESTROY DDT is absorbed through insect's feet—cripples nerves—causes sure death.

After application, PESTROY DDT particles rise to top of coating, form crystalline film. This DDT film kills insects that touch it... keeps killing day after day. A new type of synthetic resin binds PESTROY to any surface, makes it cling, keeps it from brushing off, blowing away.

'Flying Lab' Heads South
WASHINGTON — (U.P.) — An Army Flying Fortress transformed into a flying laboratory took off Saturday on a high altitude flight to South America to study the effects of the cosmic ray on men and machines in flight.

National Geographic Society scientists, the Army said, will measure the intensity and quality of cosmic rays at various altitudes in the earth's atmosphere. Air Force experts will test the rays' effects on equipment vital to the Army's guided missile program.

Cosmic rays are energy radiations from the upper atmosphere, but their source still is a mystery.

Foreign Service Pay Hikes Win House Okay
WASHINGTON (U.P.) — The House Saturday passed and sent to the Senate legislation to reorganize the State Department's foreign service and provide pay increases to career workers and ambassadors.

Ambassadors' salaries would be jumped from \$17,500 to \$25,000 a year.

Supporters of the bill said it would put the United States foreign service on a comparable basis with those of other leading nations. They said the pay increase would open the foreign service to persons now financially unable to accept such work because of the expenses involved.
