

Tidelands Bill Vote Slated

WASHINGTON — (AP) — The Senate late Saturday put off until Monday a vote on the tidelands bill which renounces federal claims to lands beneath coastal waters and navigable streams within state boundaries. Four hours of debate on the legislation was concluded when

Majority Leader Alben W. Barkley, Ky., obtained agreement to vote on it not later than 3 p.m. EST, Monday. The Senate, by voice vote, earlier adopted an amendment leaving under federal ownership all lands of the continental shelf beyond the three-mile limit or state boundaries. Ownership of oil deposits in the tidelands was the main issue at stake in the bill, which already had House approval.

Case to Test Status of AVC

OAKLAND, Cal. — (AP) — The American Veteran's Committee began a test suit Saturday which may decide if the law regards it as a true veterans' group. The case was filed in the name of Lee M. Roberts, president of the Berkeley No. 1 chapter, after the Alameda County Board of Supervisors denied it the use of space in the Berkeley Veterans' Memorial Building. The supervisors based their refusal on the grounds the AVC membership includes former wartime merchant seamen.

Attorney General Robert Kenny has ruled AVC is entitled to use the building because a majority of its members are armed forces veterans. However, District Attorney Ralph A. Hoyt disagreed in an opinion handed to the supervisors. The AVC declared "we are willing to place our war records beside those of such groups as the Lookout Mountain Women's Relief Corps and other organizations now using the building."

The statement, issued by Ambassador V. K. Wellington Koo, said the Chinese government had asked immediate resumption of all UNRRA shipments to his country. Deliveries of all but urgently needed food were cut off about two weeks ago by UNRRA directors. General F. H. LaGuardia, U.S. ambassador, charged that supplies were not being moved inland with sufficient speed. Koo said the Chinese government had thoroughly investigated statements by UNRRA employees in Shanghai that Chinese Communists had been discriminated against in distribution of UNRRA supplies.

The ambassador said the investigation showed that more food has gone to Communist areas along the Yellow River than to any comparable sections. He refused to elaborate on his remarks pending a conference with President Truman. He said that he expects to make his findings public at a later date. Twelve members of Pauley's repatriation mission left Washington on May 4. They visited Tokyo, Manchuria, North Korea and Europe.

Youth Has 56 Blood Transfusions in Week

OAKLAND, Cal. — (AP) — Type four-O donors were urged Saturday to give their blood to Kenneth H. Ashley, 20-year-old Coast Guardsman who has been given 56 transfusions during the week. He has been suffering from internal bleeding. Seventeen physicians consulting with the boy's father, Dr. N. N. Ashley, have been unable to determine the cause of the bleeding. Dr. Ashley said he thought a broken blood vessel in the intestinal tract might be the cause. Ashley is in Permanente Hospital, Oakland.

Chinese Deny Relief Charge

WASHINGTON — (AP) — The Chinese Embassy Saturday denied that the Nationalist government had discriminated against Chinese Communists in the distribution of UNRRA supplies. At the same time, it charged UNRRA officials with inefficiency which it said had "handicapped" smooth distribution of supplies to needy areas.

The statement, issued by Ambassador V. K. Wellington Koo, said the Chinese government had asked immediate resumption of all UNRRA shipments to his country. Deliveries of all but urgently needed food were cut off about two weeks ago by UNRRA directors. General F. H. LaGuardia, U.S. ambassador, charged that supplies were not being moved inland with sufficient speed. Koo said the Chinese government had thoroughly investigated statements by UNRRA employees in Shanghai that Chinese Communists had been discriminated against in distribution of UNRRA supplies.

The ambassador said the investigation showed that more food has gone to Communist areas along the Yellow River than to any comparable sections. He refused to elaborate on his remarks pending a conference with President Truman. He said that he expects to make his findings public at a later date. Twelve members of Pauley's repatriation mission left Washington on May 4. They visited Tokyo, Manchuria, North Korea and Europe.

Pauley Readies Report on Tour

WASHINGTON — (AP) — Edwin W. Pauley Saturday drafted a report for President Truman on his 15-week globe-girdling repatriation mission. When he arrived at National Airport Friday night, Pauley said that he "found considerable removal of industrial equipment" by the Russians in Manchuria. He said, however, that he found "little if any" evidence of Soviet industrial stripping in northern Korea, and none elsewhere on his 50,000 mile trip. He refused to elaborate on his remarks pending a conference with President Truman. He said that he expects to make his findings public at a later date. Twelve members of Pauley's repatriation mission left Washington on May 4. They visited Tokyo, Manchuria, North Korea and Europe.
