Labor Groups Urge Consumer Strikes to Hold Price Line

BY UNITED PRESS

Consumer groups across the nation began a renewed assault on rising prices Monday as OPA officials announced that price tags on some commodities would reach "unprecedented heights" by fall.

One official said that new, and higher, prices on all cotton and wool fabrics would be announced within a week to conform with provisions of the new price control bill.

Pointing out that more than half the nation's clothing is made of cotton, the OPA official said, "clothing prices are already at record highs and those for cotton clothing are going up and up."

He said the cost of wool garments probably would be slightly higher than at present.

Following the general upward trend of prices, OPA was expected to issue this week a six to seven cent a pound increase on coffee, more than five per cent increases on farm machinery and an increase of $100 or more on new automobiles.

Buyers' Strikes Planned

Meanwhile, labor organizations threatened buyers' strikes at Omaha, Neb., Minneapolis, Pittsburgh, Detroit, Philadelphia, Chicago, East St. Louis, Ill., and Marion County, Ind.

A spokesman for the Confederated Union of America, an organization of independent unions, announced that any sizable price increases would necessitate widespread "cost of living bonuses" to labor.

Many CIO and AFL unions joined the CUA in warning that higher prices would result in demands for higher wages, but added that they hoped to prevent price increases by effective consumer action.

The Army Quartermaster Corps announced that its price index on 104 representative commodities bought by the Army increased 17.02 per cent in four years of World War II. The rise was considered representative of the general U. S. price situation, although the Army prices generally were lower than those offered the public.

Landlords in several cities laid plans to bring pressure to get rents raised to levels higher than those prevailing during the war. The new OPA bill provides for rents to be maintained at the ceilings in effect on June 30 when the original bill expired.

Charles A. Christin, president of the Owners and Lesees' Assn. of San Francisco, said that 40 per cent of the landlords there increased rents during the OPA recess. He said he believed rent increases would be provided "in a month or two when it is not such a politically hot issue."

City Installs Water Main

Completion of a 16-inch water main extending from Pearl St. to Hilyard St., on Twenty-third Ave. E., is expected at the end of this week, when the Eugene Water Board will start laying the line from Hilyard St. east to Agate St., on Twenty-third Ave.

The new pipe line will provide a more direct route from the College Hill reservoir to the southwest part of town, according to Ray Boals, water board superintendent.

Eventually the water main will connect with the proposed Chula Vista storage reservoir, to be constructed when materials and labor become available. Site of the Chula Vista storage reservoir, to hold three million gallons, will be below Spring Blvd., on Twenty-third Ave.

The city now has five concrete storage reservoirs, and a storage tank, with a total capacity of 21 million gallons.

Boals urged that water users soak their lawns and irrigate their gardens while the weather is cool, rather than on hot days.

Figures showed that when temperatures reached a record high of more than 105 degrees last week, water users broke all records by using 13,300,000 gallons in a 24-hour period. Sunday, when temperatures remained normal, they used only 9,550,000.

Army Flier Is Sentenced

BOSTON— (U.P.) —Lt. Thomas Farrell, 25, of Somerville, handsome air forces officer, was sentenced Monday to three to five years in state prison for branding his initials with lighted cigarets on the breasts and thighs of an 18-year-old stenographer.

Farrell stood stoically, his hands clapsed in front of him, as Superior Judge Edward J. Voke imposed sentence following a 21-day trial.

Miss Helen Stavrou, his dark-haired victim in a hotel room orgy, was not in the courthouse when Farrell was sentenced.

Voke stayed the sentence pending an appeal. He ordered that Farrell's bail be increased from $10,000 under which he had been free, to $15,000 cash or $20,000 with two sureties.

The dragonfly folds its six spine-fringed legs together to form a net when in flight.

Family Leaves for Panama After Month's Visit Here

Mr. and Mrs. Subert Turbyfill and their son of Balboa, Canal Zone, will return Sunday to the Canal Zone after a month's visit with Mr. Turbyfill's mother and brother, E. 11th Ave., Eugene.

Mr. Turbyfill is director of the Panama Canal legitimate theater activitiees presented for the employes of the United States government in the Zone. The Balboa Little Theater, under his direction, has been consistently chosen for listing in the National Directory of Tributary Theaters of the United States. For many years it was the only group outside the continental United States so chosen.

In addition to his work as theater director, Mr. Turbyfill is active as a speaker and lecturer. He has filled many special lecturer engagements in universities of the United States.

Mrs. Turbyfill is connected with the music work of the schools in the Canal Zone. Mr. and Mrs. Turbyfill visited the University of Oregon Friday. They are traveling by Pan-American Airways.

Milhollen New UHS Principal

(CONTINUED FROM PAGE 1)

was an instructor in infantry school at Ft. Benning, Ga., and trained Chinese officers in the China-Burma theater from 1943 to 1945.

A graduate of Corvallis High School in 1930, Milhollen received his bachelor of science degree from OSC in 1934 and later did graduate work at OSC, at Stanford University in California, and at the University of Oregon.

He taught at Hood River Junior High School from 1934 to 1937, at Corvallis Junior High School from 1937 to 1939 and at Corvallis High School from 1939 to 1940.

He was supervisor of OSC student teacher training at Corvallis High School in 1939 and 1940, and will do the same work here in connection with the University of Oregon school of education.

Milhollen had accepted a position as vice-principal and teacher of mathematics in the Hood River High School for 1946 and 1947, but was released to accept the position as principal here.

He will move his family, including three children, to Eugene when living accommodations can be found. His work will begin here Sept. 1.

Paris Peace Parley Opens

(CONTINUED FROM PAGE 1)

final making of the peace as the Big Four themselves."

"I don't want any mistake about that," Evatt said.

He argued that the rules committee would determine the whole organization of the conference and decide by what majority the conference could vote recommendations on treaties.

Apparently hitting at Russian maneuvers in previous conferences for a rule for a two-thirds majority—which in the present conference would give six eastern European states a strategic advantage—Evatt forcefully declared he wanted "no special majorities" in the conference.

The conference proceeded to name a rules committee of one member from each national delegation, but in deference to Evatt it was agreed the committee meetings would be held when the general conference was not in session.

Most of the terms of the treaties already have become known unofficially. Release of the full texts simultaneously in Paris, London, Washington and Moscow had been advocated for several days by the United States and France, but the British and Russians had differed on how much should be made public.

Byrnes was disclosed to favor a "goldfish bowl" policy at the peace conference. If his proposal for open meetings is turned down, the American informant said, Byrnes will propose that representatives of various commissions of the conference be appointed to keep newspaper reporters informed of what goes on at closed meetings.

Airplane Ownership Up 400% in Oregon

PORTLAND — (AP) — Airplane ownership in Oregon has increased 428 per cent since the war, Floyd Johnson, director of the Oregon Aviation Council, has reported.

He said the number of pilots and students has boomed to 7028 per cent. The council will hold a meeting in Eugene Aug. 9, he announced.

EASE STING OF DIAPER RASH SO BABY CAN SLEEP

Sprinkle on Mexsana, the medicated powder that soothes baby's tender skin when minor rashes burn, sting and smart. Mexsana is a 40-year favorite for the whole family to bring relief from chafe, minor skin irritations that disturb rest or sleep. Save most in larger sizes. Get Mexsana.

More Comfort Wearing

False Teeth

Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug store.

CALLOUSES

To relieve painful callouses, burning or tenderness on bottom of feet and remove callouses—get these thin, soothing, cushioning pads.

School District Gets FM Permit

(CONTINUED FROM PAGE 1)

dio department at the vocational school, who prepared the application submitted to the FCC, will be chief engineer. Houglum said Monday that the reason the school applied for an FM station was that FCC had assigned a band of frequencies for eductional institutions in the new FM band, and that previous to that time, there had been no room in the regular broadcast band for educational institutions.

"Although other FM stations have been applied for, this is the first station outside of Portland which has been unconditionally granted an FM permit. To the best of my knowledge, it is the first educational institution to be granted such a permit on the West Coast."

Range Limited

The difference between FM and ordinary broadcasting stations is that FM will carry only about 40 or 50 miles and that it is considered to be freer of noise and static, giving a higher quality of sound.

Call letters requested were KEVS or KEPS, but no confirmation has been received from the FCC.

Because of expected delays in delivery of the transmitter and other technical equipment, to cost about $6000, regular program service will not be started until January or February of 1947. At present the school has receiving equipment only.

Big Crowd Attends Picnic

(CONTINUED FROM PAGE 1)

pools were announced by Vincent Kemp, maintenance engineer for Cottage Grove and Fern Ridge dams. The work probably will be done this winter when the reservoir is emptied.

Plans Outlined

Development of two areas, at opposite ends of the lake here, is planned by the engineers as a first step.

Fern Ridge, Detroit, Meridian and Dorena sites are to be developed on a comparable program, Walsh said.

Introduced as president of the Eugene Chamber of Commerce, H. J. Cox warned that although success of the flood control and recreational programs now is assured, the dams will be of little service to the people of Oregon unless immediate steps are taken to provide a permanent timber crop in this region.

After the noon speeches dinner was served the speakers by the Cottage Grove Chamber of Commerce.

In the early afternoon nearly all visitors, and many newcomers made the seven-mile drive around the lake to watch inland sailors vie for trophies provided by the three chambers of commerce.

Complete results of the races were:

Utility Outboard—Ray Bond, Eugene, first; Norman Richards, Eugene, second; Carl Damm, Coos Bay, third; Jack Nasholm, Eugene, fourth.

Sailboat — Ed Bennett, first; Lyle McCain, second; John Tiffany, third; George Gazeley, fourth. All boats from Eugene.

Inboard—At Moos, first; Cliff Poole, second; Vic Walder, third; Doug Wilfert, fourth. All boats from Eugene.

Trophy winners were advised to bring in their cups to Skeie's Jewelry Store to have their names engraved.

Despite the "rough" weather and gusty wind prevailing, only one boat upset. It was an Olympic model sailboat, piloted by Rusty Prairie, Eugene.

Mrs. Cora Pirtle, executive secretary of the Lane County Red Cross, set up a first-aid station at the lake. She reported Monday that there had been no business.

No automobile accidents were reported to state police. One-way traffic around the lake was directed by state police and members of the Cottage Grove Rod and Gun Club, General Chairman N. J. Nelson announced.

Kinney Named Trustee Of New Organization

PORTLAND— (AP) —Development of a state branch of the National Home and Property Owners proceeded with Executive Director Henry E. Price, Washington, D.C., meeting with Oregon trustees headed by Frank Kinney, Eugene.

Additional trustees named are Chester A. Moores, president, Portland Chamber of Commerce, J. F. Ulrich, Salem, and Bogue Dale, Klamath Falls. Already named were A. G. Teepe, Portland, and Angus Gibson, Junction City.

A. D. Newman, president of the Oregon Assn. of Real Estate Boards said an educational and research institution to aid private property owners would be established in 10 days.

AWARD OF THE Distinguished Flying Cross was made posthumously Sunday at the Baptist Church to Mr. and Mrs. Harper Vaughn, on behalf of their son, Lt. (jg) Eppa L. Vaughn. Capt. James Rogers is shown here presenting the medal to Mrs. Vaughn, while Mr. Vaughn, left, looks on. Standing between Mrs. Vaughn and Captain Rogers is Dr. Vance Webster, pastor. (Wiltshire photo and engraving).

Bandit Captured After Wild Chase

PORTLAND—(U.P.) — Harry C. Wise, 24, of Seattle, Monday faced car theft, robbery and assault charges after his capture following a wild chase through Portland streets in which several shots were fired by police.

Police said Wise held up a Portland garage Sunday, took $130 and fled in a stolen car. He was captured when he ran the car into the wall of a brick building.

Pursuing officers said they fired six shots at Wise's car. He was treated for minor injuries received in the crash.

Cattle Prices Climb Higher

CHICAGO—(U.P.) — Cattle prices in Chicago, St. Louis and Kansas City for prime steers hit new highs Monday, and hog prices jumped to a new top in Chicago.

One load of top prime steers went for $27 in Chicago, matching the all-time U. S. record set in Lancaster, Pa., July 16.

One load of top hogs in Chicago went for $22.10, a new high here, while sellers asked and got $22 with no trouble. The market here was running $1.50 to $1 higher than last week. Prime hogs in Omaha were selling for $22, equalling the record set July 23, the highest since July of 1919 when hogs sold there for $22.85.

As producers rushed grass fed cattle to market in an effort to beat possible OPA ceilings, Omaha, Kansas City, and St. Louis saw old records topple as top animals were sold for $26.50.

More than 108,000 cattle surged into 12 major markets. Prices in Chicago generally, with the exception of the new records, were weak to 50 cents lower. In other markets, however, cattle prices were firm.

Cattle receipts, topped by a 26,000 head run in Kansas City, were 18,000 higher than last Monday, and about 20,000 above the run a year ago.

Harvester Announced

NEW YORK —(AP)— New Holland Machine Co. announced Monday quantity production had started on a new potato harvester which combined all harvesting operations in a single machine.

Tests of the new harvester, the company said, cut to less than one-third the cost of potato harvesting.

Ralph Hertzler, young farmer of Lancaster County, Pa., invented and perfected the mechanism that brings the tubers from the ground, cleans them of loose dirt and bags them for transport.

First units of the harvester will be available for use in this year's potato crop, the company said.

Experimental operation, it was added, indicate the machine is suited for harvesting other important tuberous products, including onions and sugar beets.

A NORWICH PRODUCT

Medal Given For Lt. Vaughn

Lt. (jg) Eppa L. Vaughn, son of Mr. and Mrs. Harper Vaughn, of Eugene, was awarded the Distinguished Flying Cross posthumously Sunday at services at the First Baptist Church. His parents were given the award by Capt. James Rogers, a naval representative of the Portland commandant.

Lieutenant Vaughn was awarded the medal for his part in the battle of the Inland Sea July 24, 1945. He had been listed as missing in action but the Navy recently announced he was killed in action.

The Navy flier was attached to the 87th Squadron, Third Fleet, and assigned to the carrier Ticonderoga. He piloted a Helldiver. On this raid, during which the Japanese battleship Hyuga was sunk, only five of the 13 planes sent out returned.

Britain Okays Plan for Reich

WASHINGTON — (AP) — The State Department announced Monday Britain has accepted "in principle" this government's proposal to unify occupation zones in Germany.

The department's announcement reiterated the hope that Russia and France likewise will accept.

Despite this hope, the expectation among diplomats here is that the United States and Britain at once will work out details for unifying their own zones economically, that France probably will join promptly and that Russia will refuse to cooperate.

The announcement which may mark a step in the hardening of the great power split in Germany came as Secretary of State Byrnes met with Prime Minister Attlee and Foreign Ministers Molotov and Bidault in the first day of the Paris peace conference.

Klamath Falls Prepares For Pioneer Memorial

KLAMATH FALLS—(AP) — The migration trail of southern Oregon pioneers will be marked as the "Southern Emigrant Route," the Klamath County Historical Society reported Monday.

Markers erected by the state highway commission will be placed as part of the centennial celebration here Aug. 22-24 when a pageant depicting the settlement of the district will be presented.

A 500-foot long stage is being erected at the fairgrounds on which will be staged the dramatic production.
