

## Report Shows West's Spending Rate 200% Above 1939 Figure

SAN FRANCISCO (AP)—The Far West spent \$10,000,000,000 last month, on a conservative estimate. The estimate was based on the cashing of checks totaling \$8,265,150,000 in 31 cities in the Salt Lake-Seattle-San Diego triangle. That figure was reported Tuesday by the Federal Reserve Bank.

The rest of the ten billion estimate for July was spending by check in hundreds of smaller communities, and total cash spending for all purposes. The latter is figured at 10 per cent of the check total, but probably runs higher in view of the large supply of currency.

Total spending ran more than three times that of the 1939 month, just before the war storm broke in Europe. There is the basis for one's own estimate of inflation, for whoever cares to

## Council Acts On Park Fund

(CONTINUED FROM PAGE 1)

dance until after the next session of the state legislature. (The League of Oregon Cities will recommend to the governor's interim tax committee that the state abandon the amusement tax field and give cities free rein to initiate such tax programs). Johnson's motion carried.

The University of Oregon and local theater owners had objected to the proposed ordinance.

Approval of Oregon Motor Stages' proposed new bus schedules was made without objection. New bus schedules will become effective August 15.

**PIN BALLS LICENSED**

The ordinance requiring pin ball machines to be licensed at a rate of \$20 per month each was passed by the city council without objection.

A new ordinance repealing ordinance No. 1019, passed by the council in 1911 and giving the late Frank Chambers the right to construct and maintain a private spur track in Eugene was initiated last night. The spur track is now owned and used by Twin Oaks Building, Supply Co., and will have to be moved when the new highway is constructed through the city.

If the ordinance is passed, the company will have 90 days from date of passage to remove the track.

The council approved sale of parts of lots 25 and 27 in Victoria Heights to John Huber for \$930.

To protect the newly-annexed Friendly district as pertaining to zoning, the council passed an ordinance declaring the district as residential property pending a study of the area.

An ordinance will be drawn up providing for improvements on Harris St. between Eighteenth Ave. E. and Twenty-fourth Ave. E. and including Harris Place, which adjoins Harris St. Improvements include paving with black-top and curbing.

A rezoning petition from Charles A. Bonnett, 880 Eighth Ave. W. for changing his property at West Eighth Ave. W. and Lincoln Sts. from multiple family residence to business, was sent to the planning commission for study.

A petition from G. E. Hegberg, 2190 Friendly St. and 94 others for installation of sewers was read and referred to city engineers, who already are making a study preparatory to sewer installation in the Friendly district.

A request from Leon Ross for permission to operate a machine that cleans sewers and drains, without being required to obtain a plumber's license, was referred to City Attorney William G. East.

The council approved a request from Eugene Fruit Growers Assn. that parking be prohibited on the north side of Eighth Ave. E. in front of the cannery to allow space for produce delivery. The company, however, will have to maintain a parking lot for employees.

The council approved council bill No. 121, initiating vacation of alley running east and west through Block 20, Chambers Addition. Legal notice will be posted.

and a date set for a hearing.

Council bill No. 122, also passed, declared the city of Eugene to be a fire district in accordance with building codes requirements, and council bill No. 123 adopted the 1946 edition of the Pacific Coast Building Officials conference.

Another new ordinance passed last night provides that all buildings, having three stories or more, and any of that height to be constructed, be equipped with sufficient fire escapes, stairs and ladder.

## Water Board OKs Contract

(CONTINUED FROM PAGE 1)

day night included the approval by the board of a request by the engineering department for materials to construct a new substation at Friendly St. and 28th Ave.

Stevens and Koon, consulting engineers, discussed with the board the feasibility of constructing a new filter plant at one of two proposed sites about seven miles up the McKenzie River. The plant would eventually have a capacity of 75,000,000 gallons, enough to handle Eugene's water demands after many years of growth.

The board also performed its annual charging-off of delinquent accounts. The delinquency was only .021 of one per cent of the total revenue, one of the lowest figures in many years.

It was announced at the meeting that Vernon J. Poindexter, electrical operations superintendent, had left for Berkeley, Calif., to look over six transformers which, if they are in good condition, will be purchased.

## H. G. Wells Dies at Home

(CONTINUED FROM PAGE 1)

British opinion took the form of a caustic attack upon the monarchy. It was published July 6 in the weekly "Socialist Leader." In it Wells declared that if there were any truth in rumors that the royal family were involved in the case of Sir Oswald Mosley, leader of the Union of British Fascists, "then there is every reason why the House of Hanover should follow the House of Savoy into the shadows of exile and leave England free to return to its old republican traditions."

The public generally appeared to resent the Wells attack. Most people, including those in position to know, were convinced that the royal family never was interested to the slightest degree in the Fascist black shirt movement in this country.

Wells' attempt to forecast his life span was wide of the mark. He predicted he would die at 97. In the 1930's he wrote his own obituary, describing himself as dying penniless in the Paddington poorhouse. The publishing world will be astounded if his will does not disclose that he died a very wealthy man.

Last November Wells said in a book entitled "The Mind at the End of Its Tether" that "the end of everything we call life is close at hand and cannot be evaded."

## LEGAL NOTICES

**REPORT OF A HOLDING COMPANY AFFILIATE OF A NATIONAL BANK**  
Published in accordance with Section 221, U. S. Revised Statutes. Report as of June 29, 1946, of Transamerica Corporation, Wilmington, Delaware, which is affiliated with The First National Bank of Eugene, Eugene, Oregon. Charter number 3450, 12th Federal Reserve District. Kind of business: Holding company, primarily of bank stocks. Manner in which above-named organization is affiliated with national bank and degree of control: Transamerica Corporation owns directly 97.3% of the outstanding capital stock of above named member bank. Stock of affiliated bank owned, \$2,333,387.00. Borrowings from affiliated bank, none. Stock of affiliate registered in name of bank or known to be owned by bank, directly or indirectly, none. Other obligations to, or known to be held by, affiliated bank, none. Other information necessary to disclose fully relations with bank: none. I, W. L. Andrews, Vice President and Treasurer of Transamerica Corporation, do solemnly swear that the above statement is true, to the best of my knowledge and belief. W. L. ANDREWS, Sworn to and subscribed before me this 30th day of July, 1946. Sam B. Fugate, Notary Public. No. 65—Tuesday, August 13, 1946.

## New York Markets

By VICTOR EUBANK

NEW YORK, Aug. 12—(AP)—Recovery ruled the stock market today as demand resorted itself for selected steels, rubbers, oils, motors and a wide assortment of special industrials. Bonds were narrow.

The direction was upward after a moderately active opening. Closing advances of fractions to 2 points or so predominated with a few broader turns by notably "thin" issues. Top marks were reduced here and there at the last and scattered losses persisted. Transfers exceeded 800,000 shares.

Markit & Western, ex-h dividend, rose better than 1 point on merger transactions. There was a "switch" of 8,000 shares of American Tobacco "A" into the "B" with both up modest amounts. The "B" was bought up given a boost International Paper was given a boost on a cheering earnings compilation.

Ahead were U. S. Steel, Youngstown Sheet, General Motors, Goodyear, U. S. Rubber, Montgomery Ward, Pennsylvania

## MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache relief, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 million kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
