'Careful' Lady Returns Cash

CHICAGO — (AP) — Sol Gertz lost \$5000 in a gutter Friday but got it back from a "careful" woman.

A clerk at his liquor store who saw Mrs. Clara Ashley pick up something from the street outside the store steered Gertz to her rooming house.

"Did you find my \$5000?" Gertz asked. "I found \$5000," Mrs. Ashley replied calmly, "but how do I know it's yours?"

"Honest, I lost it. Just got it out of the bank—" "Prove it."

Police corroboration and Gertz' description of the \$100 bills convinced Mrs. Ashley, who accepted \$200 reward and said: "You've got to be careful about these things, you know."

Early Farm Loan Application Asked

Applications for loans to finance fall farming operations should be filed with the Eugene office, Farm Security Administration, just as soon as possible.

Those requiring FSA assistance should file their loans immediately," he said, "in order to assure the money's being ready at the time when they need it."

Loans for the purchase of livestock and equipment and for farm operation needs such as seed and feed, are repayable at five per cent interest over a one to five-year period.

Water facility loan applications for next season's irrigation requirements and farmstead water supply loans also should be filed at this time, Fletcher said.

The Farm Security Administration office, in the basement of the new postoffice building, is open every Monday through Friday from 9 a.m. until 4 p.m.

Seller of Stolen Car Must Live Baseball

After an automobile company in Tacoma reported to Eugene police that it inadvertently purchased a car stolen from Springfield, local police checked the address given on the bill of sale.

The false address, they discovered, would be at the second base position in Civic Stadium. The car, a 1929 Chevrolet, was stolen from Juanita Tomseth, Springfield.

City Firemen Answer Three Minor Calls

The Eugene Fire Department answered two calls Thursday, the first at 6:15 p. m., a grass fire at 2744 Friendly Ave., which was put out by spectators using shovels before the fire truck arrived. The second was a flue fire at 440 Blair St., about 7:30 p. m. There was no damage from either fire.

City firemen also extinguished a trash fire at 725 Eleventh Ave. E. at 5:48 a. m. Friday, with no damage reported.

Navy Enlistments Drop; Manpower Needs Filled

The sharp drop of Navy enlistments from this area, according to Leonard Reinholz, recruiter for the Eugene area, reflects the fact that Navy manpower has just about reached its pre-war stability level.

Applications, he explained, are as high as ever, but the Navy's need for men is no longer so pressing.

The field of electronics is the one branch of the Navy still wide open, Reinholz said. "This work requires not so much an academic education, as an aptitude for this type of job. If the candidate is able to pass the Navy's Eddy Test and is otherwise qualified," the recruiter said, "he is accepted with no delay."
