RAF Bomber Falls; Two Men Rescued

LONDON—(U.P.)—An RAF Lancaster bomber crashed into the Atlantic Ocean off the Irish Coast Friday while on joint training exercises with the British Navy. Two of the nine crew members were picked up by a naval vessel, two were killed and five were missing.

Air Ministry officials said naval vessels were searching the seas for the five missing men. The Lancaster was one of six coastal command bombers from Ballykelly, Northern Ireland, and was engaged in the maneuvers.

The pilot of a Scandinavian airlines passenger plane en route from New York to Prestwick, Scotland, reported by radio to Stockholm that he had witnessed the crash and rescue from the air.

Westmoreland Picks Officers

New officers have been elected for the Westmoreland Civic Improvement Assn. and an active effort is planned to obtain improvements for areas in the western part of the city, it was announced Friday.

Installation of street lights and opening of Garfield St. to improve access to the region are two of the major goals.

Robert Keefe was elected president, Felix N. Miller vice-president and Mrs. John R. Chapman secretary. The association represents three areas—the Westmoreland, Prospect Park and Chambers areas—and the Chambers area has elected its two members of the board of directors. These are W. W. White and Charles Good. The other areas will elect directors at future meetings.

White, Good and J. E. Brindle have been named on a committee to contact city officials regarding procedure for obtaining improvements for the area, especially street lights and the Garfield St. opening.

With materials now more available than in the war years, members of the association feel that some construction work should be possible, they said.

New Tree Farms Cover 100,000 Acres

PORTLAND—(U.P.)—Nearly 100,000 acres of productive timberland in Oregon and Washington were certified as tree farms this week, bringing the total tree farm area in the two states to 2,293,731 acres, the joint committee on forest conservation of the West Coast Lumbermen's Assn. and the Pacific Northwest Loggers announced Wednesday.

In Oregon, four tree farms, totaling 41,600 acres, were certified for the Oregon Pulp & Paper Co. They included the Richreall tree farm, 7400 acres, in Polk County; the Luckiamute, 21,300 acres, Polk County; the Otter Rock, 4000 acres, Lincoln County; and the Monument Peak, 8900 acres, Linn County.

Lifeboat Search Near Fruitless End

HONOLULU — (U.P.) — The search for 11 or 12 missing men from the ill-fated tanker Fort Dearborn was in its final hours Friday as a fleet of 16 American warships combed the last segments of a 28,000 square mile stretch of the Pacific nearly 1,000 miles northwest of Hawaii.

The cruiser Tucson and 15 destroyers had traversed nearly all of the 360-mile long, 80-mile wide course mapped out for them by Navy experts who plotted where the missing Fort Dearborn lifeboat might have drifted after the men abandoned ship during a storm nine days ago.

The Navy said the search would be abandoned at the end of 24 hours.

Twenty-two Fort Dearborn survivors who were rescued from the broken-off stern section arrived here Thursday and said they doubted that more than half of those who quit the vessel ever succeeded in climbing into the lifeboat as 60-foot waves tossed it about.
