Gray Hair?

DON'T BE DISCOURAGED!

Simply wet it with Canute Water. A few applications
will completely re-color it similar to its former natural
shade. IN ONE DAY—if you wish. Then pump just
once a month and KEEP it young-looking.

Canute Water is not a tint or rinse that washes off.
Shampooing actually improves the rich, warm new color
and leaves your hair fresh, clean and smooth to the
touch. You may even curl it or get a permanent.

CANUTE WATER

• Pure, colorless and crystal-clear. • 50 years without injury
to a single user. • REALLY LASTS! Skin not dry, not
irritated. Proved harmless at one of America's Greatest Universities.
