Sunday he signed bills to change  
the name of the attorney general's  
office to the State Department of  
Justice and to give it authority  
over all attorneys for state activities;  
and to levy a timber tax of  
5 cents a thousand feet to pro-  
vide funds for forestry research.  
Governor Snell vetoed two bills,  
one of them providing that when a  
part of a fire protection district or  
water district is annexed to a city,  
it shall automatically cease to be  
a part of the district.  
The governor said the bill is  
unconstitutional.  
The other vetoed measure would  
have authorized a lien against the  
state and its political subdivisions  
in favor of the public employees  
retirement board in the event of  
default of payments due.

First Radio**  
NEW YORK—(U.P.)—Radio Mos-  
cow, heard by NBC, announced  
Sunday night that 300 radio and  
telecommunication engineers will  
gather in the Russian capital on  
May 7 to celebrate the 58th anni-  
versary of the invention of radio by  
"the famous Russian scientist  
Popov."  
"This commemorates the first  
radio transmission ever to be held  
in any country," the Moscow  
broadcaster said. "It took place un-  
der the direction of the noted Rus-  
sian scientist Popov on May 7,  
1891."

The broadcast made no mention  
of Heinrich Hertz, who discovered  
the basic principle of wireless  
communication in 1888, nor of  
Guglielmo Marconi, Sir Oliver  
Lodge and Lee DeForest, who are  
usually credited with considerable  
contributions to radio.

CLINTON, N. Y.—(U.P.)—A fresh-  
man with a penchant for the an-  
tique has shown Hamilton College  
students something different in the  
way of pinups. Charles E. Davis of  
Crescent, Ia., an army veteran, has  
his wall decorated with 50  
medieval manuscripts, one of  
which was written in France in  
1115.

**NEW YORK MARKETS**  
NEW YORK, April 21—(U.P.)—Steel and  
automobile issues led a broad, active  
rally on the stock exchange today, wiping  
out two-thirds of last week's losses. Favor-  
able labor developments spurred the rally.  
Big prices were achieved at the open-  
ing when Chrysler rose 3 points and U.S.  
Steel, more than 2. Steel generally were  
active on the agreement between U.S.  
Steel Corp. and the United Steel Workers,  
CIO.  
It was believed the steel wage pact  
would set a pattern for the auto industry;  
hence the demand for motor shares.  
Another favorable labor item was post-  
ponement of the threatened strike by the  
United Financial Employees (AFL)  
against the stock and curb exchanges. A  
mediation committee was negotiating with  
the group, the exchanges and the broker-  
age firm of A. M. Kidder & Co. through-  
out the day. Operations were normal on  
the exchanges with all employees at their  
posts.  
Buying was general at the opening  
on blocks ranging to 4000 shares. The  
general market rose 1 to 3 points at that  
time. Some of the high-priced shares  
gained more than 4 points. Gains later  
were whittled down to about half the  
initial advance but the market maintained  
a strong tone through the day.  
Railroads met good demand with gains  
ranging to 3 points in the high-priced  
Norfolk & Western. Eastern Kodak  
its high was up nearly 5 points. So were  
American Chicle, Skelly Oil ran up more  
than 2 points and Standard Oil (N.J.) rose  
4 points.  
Building stocks rose a point or more.  
Farm issues firm. Mercantiles were  
better. American Tobacco and Schreyer  
were active. The latter sagged to a net  
loss late in the day after an early rise.
