

Social Security Growth Seen

PORTLAND — (AP) — Social security legislation to expand the program for new groups and pay larger monthly pensions is being prepared, Watson B. Miller, social security administrator, said here.

Miller said the purpose of the bills, soon to go before Congress, would be to extend the coverage to agricultural, domestic and self-employed workers, including business and professional men; extend benefits to totally disabled of any age and lower the age maximum for female beneficiaries

from 65 to 60 years.

The proposals would lift the taxable salary base from \$250 to \$300 a month, raising the maximum retirement payment for a single person from \$44 to \$74.25 a month.

The family maximum payment is now \$85 and the proposed maximum would be \$120. Miller said the expansion could be put into effect without an immediate increase in the payroll tax.

NOTI UNIT TO MEET

Mrs. Beth W. Wiley, home demonstration agent, announced Tuesday that the Noti home extension unit will meet Friday, May 23, at 1 p.m. in the home of Mrs. A. L. Christopher. The discussion will be on "Co. or in the Home" under the guidance of Mrs. Wiley.

CUBS TAKE AIR — A sign of spring at Chicago's Brookfield zoo was Wingray II leading two of her triplet cubs out of their winter quarters.

Death of Heiress Recalls Her Romance

LOS ANGELES — (AP) — Private funeral services will be held Wednesday in Glendale, Cal., for Mrs. Mathilde M. Oser, 42, heiress to two of America's largest fortunes who shocked society in 1921 by her engagement to a Swiss riding master.

Mrs. Oser, granddaughter of Reaper Inventor Cyrus H. McCormick and John D. Rockefeller, Sr., died Sunday.

Services will be conducted at the Wee Kirk o' the Heather in Forest Lawn Cemetery.

Mrs. Oser is survived by her son, Peter, and daughter, Anita, students at Pomona, Cal., college; her brother, Fowler McCormick, board chairman of International Harvester Corp., Chicago, and her sister, Mrs. Elissa D. Hubbard.

It was while Mrs. Oser and her sister, then Muriel McCormick, were attending school in Switzerland, that she met Maj. Max Oser, Swiss army officer and riding academy owner.

Their romance intrigued the elite of two continents and caused a stir along Chicago's Gold Coast. Despite parental objections, she refused to break off her engagement. But she agreed to postpone the wedding until after her 18th birthday.

She and Oser were married in a registry office in London April 13, 1923. The marriage endured until Oser died in October, 1942, in Switzerland.

EXTRA Cash EXTRA Fast

If you're short of cash for your needs, the best solution may be to see "Personal," the company that likes to say "Yes" to loan requests — no matter how small the amount (\$25, \$50, \$100 or more) nor how quickly it's needed.

We don't waste time in deciding to make the loan — it's YES 4 times out of 5. Loans made on signature only, auto, truck or furniture. No co-signers needed; friends, relatives, and employer are not involved. To get money in just 1 visit, phone first — then come in by appointment and pick up the cash. Small monthly payments. Everybody welcome — men and women, married or single, whatever your work or business. Come in or phone today.

Old Receipts Show Status Of Horses, Vehicles in 1909

An old automobile, an old ordinance and an old master craftsman—all were called up from the past of nearly 40 years ago when A. C. Dixon, 633 Eleventh Ave. E., thumbed through his personal files the other day.

The first "paid" receipt he found

Three New Candidates For 'Meanest Man'

ATLANTA, Ga. — (AP) — One-legged Johnny Buckner of Dalton, Ga., offered three new candidates here for "world's meanest man."

He told police that three men gave him a lift to Atlanta from near his home last night. Then, he said, they:

1. Beat him into semi-consciousness.
2. Stole his glasses and \$34 which he had saved to make a down payment on a wooden leg.
3. Threw him out of the car on the outskirts of Atlanta.
4. Kept his crutches.

Reason for Request Clarified by Bayles

National Housing Expediter Frank R. Creedon has asked the interdepartmental export policy committee to relax controls on lumber only to permit an increase in exports commensurate with the domestic lumber situation, according to information received by Charles Bayles, locality housing expediter at Eugene.

Creedon believes it is necessary that controls on lumber exports be continued, Bayles reported, clarifying previous dispatches.

In 1946 lumber imports to this country were about twice the amount exported. Imports this year are at about the same rate, Bayles said. Spruce from Canada and ponderosa pine from Mexico counted for most of the billion and a quarter board feet imported in 1946.

Exports for that year amounted to 615 million board feet, or less than two per cent of the total production in this country.

Exports for 1947 are expected to increase to about one billion board feet. About 70 per cent of the lumber being exported is in non-housing sizes while the types used for housing are being held to a minimum, Bayles said.

Chemists May Have Bread Freshener

KANSAS CITY — (AP) — Members of the American Assn. of Cereal Chemists in convention here learned that soon week-old bread may not worry the housewife.

Research Chemists H. H. Favor and H. F. Johnson of East Norwalk, Conn., reported discovery of a paste solution, known as polyoxethylene stearate, a fraction of

an ounce of which will bread fresh for seven days. Shortage of raw materials the paste has prevented spread use so far.

The ancients considered numbers as female, odd as male.
