Report on Off-Street Parking

Although Eugene was one of the first cities in the country to talk of off-street parking, it is far behind the procession in providing such facilities. WASHINGTON LETTER

WASHINGTON, June 13—(NEA)—If Herbert Hoover's words about making a separate peace with Germany should become a policy, practically every international big shot in the country will have to go on a diet of eating his own words.

Why Argue With Russia

In this country, it is in the nature of things to stop and investigate and adjudicate. If the big bully across the tracks is accused of beating up his little neighbor we hold an inquiry. Therefore the demand which our State Department has made on Russia in the matter of the Communist seizure of Hungary is in the American pattern.

New Fire Chief Asks Volunteers To Aid Staff, Boost Prevention

E. L. Surfus, Eugene's new fire chief, told Eugene Junior Chamber of Commerce members Thursday night at the Eugene Hotel that he wants 12 volunteer firemen to pad out his short staff and head up a continuing fire prevention campaign.

complicated. We propose now to go in with a joint commission and see what has happened. The Russians and their Hungarian disciples will undoubtedly show that the conversion of Hungary to Communism was merely "the will of the people".

"Do you want to make something of it?" Nobody wants war, and at the present time, war is not the remedy. But Russia herself wants loans, materials, economic assistance, many things which we have to offer.

Russia will yowl that she is being "encircled" by a western bloc, Russia is brazenly organizing her own European-Asiatic bloc. Today the economic weapon is potent.

GOD'S WORD
17. For Christ sent me not to baptise, but to preach the gospel: not with wisdom of words, lest the cross of Christ should be made of none effect.
18. For the preaching of the cross is to them that perish foolishness; but unto us which are saved it is the power of God.
19. For it is written, I will destroy the wisdom of the wise, and will bring to nothing the understanding of the prudent.
