

School Supervisor Okays Use Buildings for Play Activity

Public facilities in community building at the Nineteenth and Lawrence St. playground.

Members of the Eugene plumbers' local will "rough in" the plumbing next Saturday, and when that is done, the American Legion will take responsibility for pouring the foundation. Eugene Carpenters' local, AF of L, will erect the building, according to January.

Form work for the Kiwanis and Rotary-sponsored tennis courts is underway, and concrete will be poured next week. The Cyclone Fence Co. will begin erecting a fence around the two-block park area next Monday. This fence will cost the city recreation department about \$3000, although most other work is voluntary.

The recreation director has been notified that the city will receive three bleacher units with total capacity of 1500 from the War Assets Administration. The former Camp Adair bleachers will cost a total of \$14, and enable the city to cancel half of a \$2400 order for bleachers.

"Boulder City" is something else again because the citizens haven't changed the name of their town.
