

China Now Fears 'Economic' Progression From Japanese

Chinese economists have another fear. China's salt exports to Japan may help that country develop its chemical industries while chemical production in China remains at a standstill, they say.

Dollar Basis Worries

One government economist said much concern is felt over a reported SCAP order that foreign trade with Japan be conducted on the basis of the American dollar.

Chinese economists have another fear. China's salt exports to Japan may help that country develop its chemical industries while chemical production in China remains at a standstill, they say.
