LESTER

BETSY ROSS SPINETTS

Now is the time to start those ten little fingers roaming over the keyboard of a piano. And... that piano should be the new Betsy Ross Spinet. Your children will adore its eye-filling size... it will fit into any room and harmonize with any decor or color scheme. The practice periods will be pleasure... never "work", never tiring... because of the smooth, easy action.

Remember Betsy Ross Spinets are built by Lester... who for 45 years have been building pianos.

Mohawk Writer Rings True Christmas Note
 By RUBY HUFSTADER
MOHAWK — "Peace on Earth," would be a big job for you and me, but "Good Will Toward Men," — we can put our hearts into this. The man or woman next door who has lost a loved one during the year, neighbors who have moved here recently and are lonely, little cold and hungry children with few or no gifts so precious to little souls.

Mohawk has many new people and families this year and mighty fine ones we are learning as we come to know them. Let's as ourselves "Are all happy?" "Are there any lonely or unfortunate ones here?" "I have a part somewhere here, a contribution to make, where is it?"

"We 'old timers' love Mohawk. Let's consider it our happy privilege to make everyone here 've it."

The grade school program is Monday evening, 8 p. m. at the church.
