

Lumber Plan Views Aired

(CONTINUED FROM PAGE 1)

cluded State Senator Orville Thompson of Albany, who said he represented the Linn County court.

Thompson objected to the position of the proposed unit's north boundary, which extends into Linn County, saying there are "numerous small operators in the area who contribute to the towns of Linn County, who would be deprived of O. and C. timber unless the boundaries are changed."

The Albany Chamber of Commerce entered a protest to the plan, while the Eugene Chamber of Commerce entered its exhibit in favor of the plan. County Commissioner Allen Wheeler of Eugene expressed "no objections."

Assistant Secretary Davidson assured the men in his opening address that "the views you express will be most carefully considered before the secretary of interior takes any final action on the matter. If however, it is demonstrated to be an in appropriate method, whereby more problems are created than are solved, we must seek other methods for achieving our objective of sustained yield."

To Agreement
"Afternoon sessions were devoted to the actual agreement proposed between O. and C. and the land holders. Davidson said it was hoped to conclude the hearing Wednesday, even if it meant a night session."

The opposing Western Forest Industries Assn. rallied its forces here Tuesday night in a combination pep talk and dinner meeting. Master of Ceremonies J. H. Jones of Golden Gate Lumber Co. said:

Puget Sound Strike Voted

SEATTLE — (AP) — Unanimous concurrence with the strike recommendations of their executive board was voted Wednesday by 38 locals of the Puget Sound District Council of the AFL-Lumber & Sawmill Workers Union.

The delegates voted to strike "as soon as possible" if no "substantial" wage boost is forthcoming in Thursday and Friday negotiations with employers. The union has asked a 30-cent-an-hour across the board increase.

Eighteen thousand western Washington workers are represented in the council.

Hunger Strikes Idle 200,000

FRANKFURT, Germany — (AP) — About 200,000 workers left their jobs in Nuernberg and Cologne Wednesday, protesting food shortages.

Union speakers, addressing a throng of 30,000 strikers in the Nuernberg square formerly known as Adolf Hitler Platz, assailed the British and American administrations and the German government. Workers carried banners bearing such slogans as: "We Want a United Germany;" "Death to Black Marketeers;" and "We Are Hungry."

School Bus Nicked By Oncoming Train

JUNCTION CITY — The school bus had a narrow escape in dense fog Wednesday at 8:20 a. m. when the engine on Southern Pacific's No. 14 struck the corner of the bus at a grade crossing. Only light damage was done to a rear corner of the bus and according to John Gunson, driver, and the children on the bus, the train did not stop.

Gunson said that he stopped before the crossing, which is approximately three miles south of Junction City on the Prairie Road, rolled down the window, and looked and listened but heard nothing. As he started across, Paul Bell, a high school student, glimpsed the oncoming train and gave the alarm.

Gunson instantly "tramped on the gas," and the bus, loaded with high school and grade students, barely made it to safety. Bell's shout was credited by Gunson and the students with saving the whole group.

AUTO PRODUCTION HIT

DETROIT — (AP) — Hudson Motor Car Co. shut down its main plant "indefinitely" Wednesday, because of a body shortage caused by a week-old strike of 550 foremen. Seven thousand assembly line workers were idled by the action.

Mistletoe is a parasite, which steals the food of the trees on which it grows and will actually kill the trees in time.
