High Schools' Initial Concert Finds Competent Musicians

By BARBARA HEARTFIELD
 The first concert of the Springfield Union High School's new orchestra, presented Monday evening at the school, justified in no uncertain terms the belief of its founders that a high school can and should maintain a symphony orchestra.

The program, arranged by F. T. Ellefson, director, and Mary E. Coleman, assistant director, was varied and well-built, with selections of contrasting mood and color by old and modern composers.

Climax of the concert was a selection from Johnson's "The Piper of Hamelin," exciting, descriptive music played with finesse by the orchestra. Judy Ellefson, as solo

Britain Receives Uranium Stores

CAPE TOWN. — (AP) — South Africa's potentially huge uranium deposits, discovery of which was announced only last week, will be turned over to Britain exclusively under arrangements now being prepared by the government, a reliable source said Tuesday.

The uranium deposits have been found at the Witwatersrand gold mines and present indications are that South Africa may be one of the world's biggest atomic power fuel dumps.

South Africa already is working the mines, this source said, and small quantities of the Witwatersrand deposits have been extracted. The work, however, is still in the experimental stage.

A complete security blackout was clamped around all information on the deposits shortly after the Hiroshima and Nagasaki blasts, but some reports say there are huge deposits all the way from Witwatersrand to the Belgian Congo.

Couple Sues After Dispute

A \$2,825 damage suit was filed in circuit court Tuesday by Mr. and Mrs. Wilbur Wills against R. E. McCrady, alleging that McCrady sold them a trailer house, but later tried to play Indian giver.

McCrady, they allege, sold them the trailer house for \$1,700, but a few months later came back, allegedly chased them away from the trailer, and put a padlock on the door.

In addition to the price of the trailer, they are asking \$250 damages for \$25 a week rent in another place, after they were locked out. The couple are also asking for \$1000 "exemplary and punitive damages."

Family Loses All Belongings

SANTA CLARA.—Neighbors are getting organized to help the victims of one of the worst home fire disasters ever to strike the Santa Clara district.

Sunday about 8 a. m., Mr. and Mrs. Earl Felton were forced out of their home by a fire that sprang from the wood stove and demolished the small frame house in a few minutes.

Their pump was frozen and they were unable to do anything, even to save anything, even their shoes.

Mr. and Mrs. Felton were dressed for the day, but the children, Lorretta 15, Earlean, 13, Junior Melvin, 11, and Gladys Marie, 9, were in their night clothes.

Another daughter, Juanita, 18, had already gone to work at her job at the Sacred Heart Hospital.

Worst casualty of the fire was Felton, whose unprotected feet were badly frostbitten during the fight to save the home. He may have to have two toes amputated.

He is a carrier driver for the Golden Fir Lumber Co., near Elmira Junction. Until the fire, Mrs. Felton was employed at the Penney's Store Cafeteria. But she has stayed at home since to care for the children.

Rev. Floyd Hughes of the Santa Clara Church took the family

Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.
