Deafened People Now Hear Clearly

has now made it possible for deafened to hear faintly. It is a hearing device so that it fits in the hand and thousands to enjoy serene and friendly companionship. Accepted by the American Medical Association's Physical Therapy. device does not require separate pack, battery wire, or garment to bulge or you down. The tone is soft and powerful. So made that you adjust it yourself to suit hearing as your hearing. The makers of Belton, 11450 West 18th St., Chicago, Ill., are so proud of their achievement that they will gladly give descriptive booklet and show you how you may get a full restoration of this remarkable device in your own home without risking a penny.
